ANNUAL REPORT
2019-2020

FOREWORD

—“—
To recognise, respect and promote the overall well-being of the most vulnerable children and youth is a collective responsibility and needs consistency, passion, innovation and rigour.
—”—

Children and youth need love, care, protection and nurturing. Often the right support, assistance, guidance and encouragement can turn around their life long outcomes. Every International and national law and policy prescribe the clear entitlement of every child to a stable, caring and supportive family. However, sometimes parents and birth families are not able to care for their children in their best interest and a few common reasons for this are poverty, economic hardships, death of one or both parents, disasters or disputes and conflict in relationships of family members. This absence of a stable, protective family exposes many children to multiple risk factors and makes them vulnerable to neglect, abuse, discrimination and exploitation. In all such circumstances, providing families with tailored support to strengthen them and prevent separation of children from their families is critical. For those, where this is not possible, providing the best suitable Alternative Care to children in a family based or family like environment is needed.

Family strengthening, thus is offering a range of services from counselling to linking them to government schemes, skills development, empowering youth and adult members with livelihood options and linking them with the resources they need to overcome their difficulties. With strong families, children and young people can receive the care and support they need to thrive and thus family strengthening is the core of building communities.

It is a seamless bond which acts as a cohesive to unite and bring people together. A well united and strengthened family gives a healthy and safe space to the children where they can learn, grow and build inspirational future. Our children, **as you can see in this annual report 2019-20, have portrayed their vision of families together, smiling, nurturing!**

26 years ago, we embarked on the journey to provide family like environment, care and protection to the vulnerable 'children without parental care'. Sailing through the journey, we have realised that it is equally important to invest in family strengthening as we are working towards betterment of lives, education, dignity and future of the children. Family strengthening, our theme for Annual report 2019-20, is much comprehensive and covers numerous facets related to the development of the family, and communities. When it comes to family strengthening, we need to cater to the needs of education, livelihood, security, safety and dignity of our children, youth and women, keeping in mind their best interest determination and causing no harm to any person.

Starting from the 17 **Udayan Ghars**, where 'children without parental care' start their journey, we ensure to provide care, nutrition, quality education, safety, security and values of life to them in a family like environment, while making efforts to reunite them with their families. But, we don't stop here only. Transitioning from a dependent phase to independent one is a bit tricky and comes with challenges. The young adult may not be ready to face them. Considering this, upon turning 18, when they exit from the Udayan Ghars, we extend additional support to them in the form of Aftercare facilities, where we provide financial, emotional, moral, mental and social support to them. We provide support in accommodation, education, skilling and employment to them till they are stabilised in their lives. Our Aftercare Programme ensures Udayan Care is a family for the child even after they graduate out of the programme.

Udayan Care, in the 21 chapters of **Udayan Shalini Fellowship** has extended mentorship, employability training, financial support, capacity building workshops and vision of giving back to the society to the girls and women from financial weaker sections of the community. This empowers not only the girls, but strengthen their families and communities. Our 15 **Information Technology Centres** have enabled youth from vulnerable communities for quality digital literacy, as well as job-oriented courses and better livelihood options, thereby earning them economic empowerment and strengthened families. Our 2 **Skill Development Centres** are transforming the lives of women by ensuring dignity, independence and accountability through their skilling and livelihood programmes thereby developing stability in their family lives.

Advocacy, Research and Training (A.R.T.) Programme is doing commendable work, advocating for the rights and privileges of the children and youth without parental care. Our research study on Care Leavers in 5 states of India has not only created evidence that children at 18 when they exit a child Care institution still need Aftercare support; it has found resonance in many and we can see the ripple effects of care reform and an emerging thought process. Our family strengthening strategic thread thus cuts across all our flagship interventions to strengthen families and communities.

We are extremely indebted to all our Trustees, Advisory Board Members, Conveners, Mentors, Volunteers, Members, Donors and Staff, who believe in our mission of "Making Young Lives Shine" and have been contributing in all possible forms and have shouldered the responsibilities with honesty and integrity.

This has been a year of accomplishments, learnings, hope and inspiration. Here, at Udayan Care, we had sown a seed 26 years ago, which is growing into a blossoming tree, only with your care and contributions. We shall continue the family strengthening vision across our projects with and for children and youth and with the support of all our partners and supporters.

Dr. Kiran Modi
Founder, Managing Trustee,
Udayan Care

Some of the ways in which our 'Family Strengthening Vision' works are:

- Providing direct care and support to children and youth without parental care through the Ghar and Aftercare programme
- Skilling children, youth and women towards job readiness and employability through the Ghar, Aftercare Outreach Programme and Skill Development Centres
- Direct fellowship support to young girls for pursuing their higher education through the USF intervention
- Exposure and awareness through workshops that are skills based in all our projects
- Mentoring to provide individual guidance and hand holding in all our projects
- Individual, group and Family Counselling across all projects
- Access to health care services for children, youth and young girls that are need based
- Working closely with communities to develop a strong sense of belonging in the larger community for independent living and main streaming
- Building resilience in vulnerable children, youth, women and families to support each other and give back to society
- Working in a collaborative manner with donors, partners, volunteers, mentors, interns and individuals to create a snowball effect and larger ownership of contributing to change

VISION, MISSION, GOALS AND VALUES

VISION

Making Young Lives Shine!

MISSION

By engaging individuals committed to human rights, under the framework of the SDGs, Udayan Care provides nurturing homes for vulnerable children; empowers girls to aspire and pursue higher education and gain employability; offers communities digital and vocational training to become self-reliant. Through research, training, conferences, and advocacy, Udayan Care influences policies and practices on the Standards of Alternative Care in the South Asian region.

UDAYAN CARE AT A GLANCE

Udayan Care has 5 columns of strength in its organisation which provide a caring environment that empowers children, youth and women through its programmes.

"17 Udayan Ghars and 2 Aftercare facilities, look after 206 children and 31 young adults." * As on 31st March' 20

A. Child and Youth Care

Based on the belief that a loving home and family is the right of every child, Udayan Ghars are long term, group residential homes that nurture children who are orphaned, abandoned or at-risk, in a family-like environment through a strategy called L.I.F.E – Living In Family Environment. Children are loved and cared for by a group of Mentor Parents – long term volunteers, with the help of a team of caregivers, social workers, and mental health professionals. Once they are 18, the children are supported by Udayan Care's Aftercare Programme until they are independent.

"4724 Shalinis across 21 Chapters spread across India".

B. Education

Udayan Shalini Fellowship provides monetary and mentoring support with a focus on higher education where the girls gain employability and contribute financially to their families, in the process of becoming dignified and empowered women.

The Pragnya Fellowship supports financially-constrained but high-achieving students from Udayan Ghars and Udayan Shalini Fellowship Programmes to pursue post-graduate courses through flexible loan scholarships.

"17354 youth, 1504 women have been skilled at 15 IT and 2 Skill Development Centres."

C. Skill Development

Based on Udayan Care's mission to enable every adult the dignity of self-reliance, Udayan Care's Information Technology & Skill Development Centres enable under-served youth and adults to improve their livelihood options through varied IT, soft skills and vocational training courses.

D. Advocacy, Research and Training

Our advocacy efforts explore different aspects of policy and practice around alternative care for children and youth through research, publications, consultations, trainings, seminars and workshops. From recommendations for policy and legislative reform to training practitioners on standards of care, we also develop material on various aspects of Alternative Care.

E. Volunteer Management Programme

Udayan Care's Volunteer Programme enables individuals and corporates in India and globally to share their time, skills and resources with less privileged children and youth. Udayan Care's Internship Programme provides students on-the-job exposure to the not-for-profit sector.

UDAYAN GHAR PROGRAMME

A Much Needed Reality Check

Every child deserves to come to a place which she/he can refer to as 'home' with loving and protected environment and can call a 'family.'

India is home to approximately 23.6 million orphans and vulnerable children. These children need stable family care, protection and upbringing. Yet, in 2018 - 19 there were only about 3374 children adopted in India, whereas 653 children went for inter-country adoptions. Given this low rate of adoptions, other forms of Alternative Care, that are suitable and

appropriate for children in need of care and protection need to be strengthened.

“

**Home is the starting
place of love, hope
and dreams.**

”

Origin, History and Need of the Programme

Udayan Ghar, the flagship programme laid the foundation stone for Udayan Care and its' other programmes. It was a personal loss suffered by one of our founding members that triggered the inspiration and deepened the yearning to reach out to orphaned, abandoned and at-risk children believing that a loving home and family is the right of every child.

Since 1996, it became Udayan Care's mission to care, love, protect and give shelter to children who had nowhere to go and no one to support them and their needs. Udayan Care extends its heartfelt warmth, love and care to these children under the programme and nurture, educate them to deal with the real world.

—“
Family: We may not have it all together, but together we have it all.
”—

Facts of Importance

The United Nations Convention on the Rights of Child in its Preamble “Recognizes that every child, for full and harmonious development of personality, should grow up in a family environment, of happiness, love and understanding.”

The United Nations Guidelines for Alternative Care of Children (guideline no. 23) records - “residential care and family-based care complement each other in **meeting the needs of children**, wherever large institutions remain, alternatives should be developed in the context of an overall **deinstitutionalisation strategy**”

23 million orphaned and vulnerable children in India (Situation of Children in India - 2018, MOSPI, GOI)

388 crimes were committed against children each day in the year 2018 (NCRB Report published in Jan'20)

109 children sexually abused every day in India in 2018 (NCRB Report published in Jan'20)

Over **3** million children live in over **9589** child care institutions (Mapping and Review of CCIs- 2015 - 2017 MWCD)

Udayan Ghar- Where the Sky is the Limit

You might wonder as to what it is about Udayan Care that makes it a 'Ghar' (Home) for the children. It is a home for those who need protection, warmth, love and need to grow up with people who they can consider 'family.' These children need all the love and care possible to grow into well-adjusted human

beings, they need people to confide in, to understand them and make them learn about the real world. Hence, the word 'Ghar' has been used to make the children feel at home and not a typical Child Care Institution.

1 Homes' Location

The homes are located in busy neighbourhoods where there is a higher possibility of children reintegrating smoothly into mainstream society

once they are released from care homes. We invite volunteers to interact and motivate children to soar high towards their dreams.

2 Group Care Model

We follow a group care model, where in each home a group of 10-12 children of the age group of 6-18 years are cared for. These are single and multi-unit Ghars, which ensure that each of them get individual attention, love and care.

3 L.I.F.E. Strategy

Ghars nurture orphaned, abandoned or at-risk children through a unique strategy called L.I.F.E. (Living in Family Environment). The strategy enables to provide a caring and conducive family environment for their overall growth and development.

4 Mentor Parents

These are socially committed long term volunteers, with experience of raising their own children, who devote their life voluntarily to bring consistency in the lives of Udayan Ghar children, and inculcate values in them.

5 Mental Health Programme

- Children coming to Udayan Ghars usually bring along traumatic experiences around abuse, exploitation, abandonment, pain of loss and so much more. Such experiences result in low self-esteem, cognitive difficulties, fractured attachment, anxiety, depression, behavioural issues, inability to trust and form or sustain relationships. Thus, a Mental Health team has been constituted which is comprised of Mental Health and Social Work professionals.
- Dr. Deepak Gupta, Child and Adolescent Psychiatrist, prescribes psychosocial interventions for the children.
- An Australia based psychologist and trainer in trauma and attachment, Ms. Helen Lenga, too gives inputs through Skype.
- These are in-house counsellors too.
- The team also organises internal as well as arrange for external capacity building workshops & training for the team members.

6 Internal Audits

To review the homes and their functioning, bi-annual audits are conducted to understand the gaps, do course correction, and document best practices.

7 Caretakers Team

The Carer team comprises of two full-time caregivers, a supervisor, social worker/ child welfare officer, mental health professionals and mentor parents. This creates a secure environment for the children to grow and heal.

8 Capacity Building and Training

In order to create a conducive environment, we conduct training and capacity building workshops with children, care givers & supervisors, welfare officers/social workers, mentor parents and counsellors.

9 Internal Committees

To address various needs and issues within the programme, committees have been formed. There are Education, Health, Special Needs, Aftercare and Alumni Committees. These involve the participation of social workers, and mentor parents, all coming together, to keep a check on how the Ghars and children are doing, and planning further, thus, ensuring the smooth functioning of our homes.

10 Management and Children's Committees

The committees have been set up as per Rule 39 and 40 respectively of Juvenile Justice Model Rules, 2016. These comprise of representatives from CWC, DCPO, our staff and children, who on a monthly basis discuss day to day activities.

11 Aftercare Programme

Once the children turn 18, they are released from the children's home and they become part of the Aftercare programme, which aims towards ensuring a smooth transition of these children from a state of complete dependence into semi-dependence before finally becoming fully independent. They are provided with counselling, transition planning, career guidance, life skill training, and educational and vocational support.

Bonding With the Family

Summer Funksters - Udayan Care Annual Summer Camp (June 2019)

17 Udayan Ghars, 205 children, 27 young adults and 40 staff members came together to be a part of 5-day Udayan Care Annual Summer Camp at Jagshanti Udayan Ghar, Greater Noida with the theme, **Summer Funksters: Let's have fun under summer sun**. The scorching heat wasn't strong enough to stand against the kids' highly raised spirits and excitement.

Like every other year, children engaged in activities, encompassing theatre, dance, music, science experiments, art and craft. The last day culminated in a grand finale, where they presented what they learnt during the camp. IOCL and Genpact were the chief sponsors.

Auro Camp; Outstation Trip to Nainital (June 2019)

To make summers more exciting, a week long trip to Auro Camp, Nainital was organised for the children in association with Sri Aurobindo Ashram. 53 children and 7 staff members went for the camp, held at Van Niwas, situated on the top of a hill in a serene retreat, away from the hustle and bustle of the city.

They stayed at Sri Aurobindo Ashram where they engaged in various adventure activities, such as rock climbing, trekking, artificial river crossing. Meditation, yoga and spiritual talks contributed to the overall development of the children.

—“
Best memories are
made while you
travel with the
people you love.
”—

Daan Utsav (October 2019)

Reinforcing the idea of not always being at the receiving end but being grateful and be a giver too, the children came forth to celebrate Daan Utsav. They engaged in donation drives in nearby slums and organized edutainment sessions for children at slums, schools for children with special needs and even for senior citizens at old age homes.

14* Not Out Adidas-Udayan Care Annual Sports Day (February 2020)

Explosive energy, cheering crowd, excitement and electrifying performances were seen at the Annual Sports Day. Celebrated on February 9, 1920 at Adidas the Base, Plaza Farms, the event was themed as 14* Not Out, showing the long-term association and support extended by Adidas towards Udayan Care for helping children and youth alike to shine bright.

STORIES OF HOPE

A Successful Adoption

Gayatri & Naira were overjoyed to find a family of their own and get settled with their adoptive parents.

“

The untimely demise of their parents left Gayatri and Naira completely distraught and alone. The girls initially were unable to comprehend the turn of events and were emotionally numb.

Recognising the fact that the children are in dire need of a safe place to stay, both Gayatri and Naira were transferred to a Children's Home and then in 2013 were transferred for long term care and protection, to Udayan Ghar, Sant Nagar.

Here they both felt better as they were overjoyed to be around so many children and the staff whom they could now consider a family. While Gayatri was known as a knowledge seeker, Naira was a curious child, spending her day asking questions from elders. Together, they had one objective, be dedicated towards academics, pursue extra-curricular interests and enhance their skills so they could work towards a secure future.

In 2019, after due documentation, counselling sessions and transition preparation, Gayatri and Naira were blessed with an adoptive family that had overcome their own tragic loss. It was a moment of pride for Udayan Care, as this marks the first successful adoption, a step towards deinstitutionalisation, thereby strengthening our philosophy and aim to work harder.

”

A Family Reunion

“Michael's faint memories and imagery resulted in his reunion with his biological father.”

“

Michael grew up in Child Care Institutions and came to Udayan Ghar, Gurugram in 2016. He was always determined to know about his father's whereabouts.

The child while at Udayan Care, was enrolled in school to complete his education, engaged in sports and other activities. He built an affable bond with other children and also utilized his time well so as to build his knowledge base. However, Michael always wondered about the whereabouts of his family. While trying to recall from faint memories, he often shared information with the social worker in bits & pieces. It was unpredictable that these bits and pieces would one day culminate into a reality, the hope of which was actually meager.

The determination of the Ghar team, to join the dots and conduct field visits and, regular follow-ups with the legal authorities, led to an address, which no one had thought about. Michael and the Social Worker walked in the interiors of Mahipalpur for about an hour, the child and father coincidentally came face to face. Recognising each other immediately, they burst into tears of joy; it indeed was a moment that was cherished by everyone present.

While Michael continues to be at the Udayan Ghar, he is determined to complete his education, stand on his feet, return to his family as a responsible adult and begin a new chapter in life.

”

UDAYAN GHAR AFTERCARE PROGRAMME

Imagine a child, raised in an Out of Home Care settings for years; always been provided with a safety net, had someone to look after, is suddenly left unattended after turning 18, as under the law of Juvenile Justice (Care and Protection of Children) Act, 2015, which doesn't permit him/her to stay in such a setting anymore. The child who just turned adult who could have completed his/her education, could have found himself/herself a decent job, and could have been trained to become completely independent, is now withdrawn of all support, counselling, probably facing an identity crisis, on his/her way to becoming a deviant and thus,

may end up losing his/her aspirations and the resources put in line that once aimed at making him/her a responsible productive being.

The transition of these young adults, from a state of complete dependency to the state of complete independence is a delicate one where they go through emotional, psychosocial and situational turbulences. Therefore, the Aftercare programme helps during this transition; young adults need a great deal of support, probably more than ever, in matters like higher education, accommodation, stress management, and employment, etc.

Origin, History and Need of the Programme

The Aftercare Programme, started with two partly supervised residential accommodations, one for boys in Gurgaon and the other for girls in Greater Noida. Udayan Ghar, since its genesis, imbibed the philosophy of supporting its children/ young adults even when they reach beyond 18 years of age, as having lived and feeling loved with children of Udayan Ghar till 18, they eventually learn, grow and feel confident with one another and look after each other like a family.

It supports young adults to complete their education, get trained, seek employment, settle, make a family of their own and, most importantly know they have someone behind them. Even after rehabilitation is complete, the young adults are encouraged to stay in touch by becoming an alumni. They are invited to celebrate festivals and other events, and provide guidance by illuminating the rest of the youth.

How the Aftercare Programme Works

A child who has been raised in a protected environment, suddenly at the young age of 18 cannot be left alone and not be cared for. It's highly important to guide such children even when they turn 18 so that they don't fall prey to the cruelty of the real world. The Udayan Ghar Aftercare programme provides holistic interventions to youth ageing out the homes to enable their rehabilitation and independence.

1 Residential Facility

Having nowhere and no one to go to, the children of Udayan Ghars after turning 18 years of age are housed either in Udayan Care's Aftercare residence or PGs, college hostels as per the need and provided with funds to meet their basic expenses. Young adults are encouraged to live as a family and share responsibilities like cooking, cleaning and so on.

Objectives of the Programme

The overall aim of the Aftercare Programme is successful rehabilitation of all its young adults and alumni. The young adults after getting released from the programme are supported to reintegrate into mainstream with provision of all the services. With regular counselling, efforts are made to spread awareness and sensitise communities towards such youth and motivate them to come forth in the youth's support.

— “
Family: An anchor during rough waters.
” —

2 Education and Vocational Training

To pursue further education and vocational or professional training, support is provided through tie-ups with institutions teaching certified skill development courses and other training courses. The aim is that the young adult is prepared to get employed through a certified professional course or training.

3 Capacity Building and Training

Workshops and training are conducted which aim at teaching young adults independent living skills. They are taught about finance management, home management and provided with education and career counselling.

4 Mental Health and Counselling

The young adults are provided counselling and training on smooth transition of youth from Ghar to Aftercare and then to the society.

5 Medical Health

Medical health check-ups are conducted at regular intervals. Also, the Young Adults are connected with our existing tie ups with doctors and hospitals where all their requirements for medical health are met.

6 Internships/ Placements

As per their qualifications, and interest areas, youth are encouraged to do internships, while still in Aftercare, and once their education is completed, they are assisted in finding suitable placements.

7 One-time Support

Once the young adult is all set to be released after becoming a self-reliant being and becomes an alumnus, he/she is provided with one-time financial support that further helps them in their rehabilitation. For example, paying rentals for accommodation in the initial months.

STORIES OF HOPE

Limitless Possibilities

"Parvinder's empathy and compassion helped her to visualise herself as a Psychologist."

From having survived abandonment by her parents at the tender age of 16 months to being raised by her grandmother and Child Care Institutions, the story of Parvinder is in itself a motivation.

She came to Udayan Ghar in 2011 for care and protection where she was groomed by the team. Parvinder became much more sensitised socially. During her journey in the Udayan Ghar home, she realised the importance of giving back to the society. She became more involved in practicing empathy, compassion, and care for one and all. Having survived a traumatised childhood, Parvinder decided that she would help children like her. Her interactions with the mental health experts and counsellors helped visualise her journey as a Psychologist. Her hard work, dedication, focus is what got her accepted to the prestigious Ashoka University, Sonapat.

Overcoming all the obstacles that could limit her ambitions, she pursued B.A. (H) in Psychology. She challenged herself to learn and grow which made her career-oriented and developed her overall personality.

She is currently working with the Centre for Child and Adolescent Well-being, as a psychologist. Along with this she has enrolled herself in an M.A. Psychology course.

A Family by Choice

"Despite various challenges, Renu (Name changed) didn't let any obstacle stand in the way of her future."

The proverb "Fortune favours the brave" is rightly suited for Renu who despite all adversities had the courage and determination to overcome her traumas gradually and optimise her opportunities to gain the best out of life. Parents play a very crucial role in shaping their child's life and the absence of one could make the simpler joys of life of having a family, a distant dream.

Losing her mother at a young age and then surviving ill treatment from step-mother and her own father could have handicapped her desire to dream. But Renu fought to own her story. With not settling with what she had, she decided to run away from her home. Through Child Welfare Committee orders, she lived in various Child Care Institutions. She finally came to Udayan Ghar in March 2004.

The team nurtured her, provided her a family she dreamt of and grew up to become a kind, compassionate, bold, and strong individual. She pursued B.Com and did Diploma in Digital Marketing from NIIT. Although she came from an unfortunate background, she never let financial factors dictate what her future would be. She accepted all the challenges head on and developed into an amazing human being. Her will, focus, motivation kept her going and now she has settled down and is working. She still visits the Ghar and is very connected to her mentor mother.

UDAYAN SHALINI FELLOWSHIP PROGRAMME

MY FAMILY IS MY STRENGTH

About the Programme

The Udayan Shalini Fellowship programme is a unique academic excellence and personality development programme for deserving and talented girls from vulnerable socio-economic backgrounds, aiming to transform them into empowered and dignified women. The programme is founded on the belief that to truly build a progressive society, it is essential to empower women and give them equal opportunities to grow and flourish, personally and professionally.

The Fellows of the programme, or 'Shalinis' as they are called, are selected after Grade 10 through an

—“

**The empowered
woman is powerful
beyond measure”**

—”

indigenously developed, rigorous 'Needs, Ambition and Talent' based assessment. Over a period of five years, a girl is transformed into an empowered and independent Shalini by an inspired group of mentors, guided and motivated by a Core Committee in each chapter. They are nurtured across a spectrum of inputs, exposure and self-reflection, ranging from personality development to career aspirations. It is a strong belief of the programme that educated girls prioritise education in their families, making them more resilient and stable.

Origin, History and Need of the Programme

Udayan Shalini Fellowship (USF) started in North Delhi in 2002. Its idea arose from the need to equalise the imbalance created by deeply rooted patriarchal discrimination against girls and the prioritisation of their education in the country, especially witnessed in the economically weaker sections. USF does not limit itself to providing adolescent girls with financial support, but also empowers by providing them with regular mentoring and leadership development guidance, with a strong focus on creating a cadre of socially informed young women.

Girls Education in India

81% Enrollment in Secondary School (Source: AISHE report 2018-19)

56.4% Enrollment in Senior Secondary School (Source: AISHE Report 2018-19)

23.5% Enrollment in Higher Education (Source: AISHE report 2018-19)

24.8% Female Labour Force participation in 2019-20 from 34% in 2006. (Source: UNGC India Study)

Women in the labour force will mean economically stronger families.

Pillars of USF

Team Work by Karishma Guruditte, Aurangabad

Independence Day Celebration, Baddi

International Women's Day March, Bengaluru

Mentor Mentee, Gurugram

Self Defence Workshop, Kurukshetra

Workshop on Food Adulteration, Hyderabad

Umrao Jaan-Fundraising Event, Mumbai

World No Tobacco Day, Jaipur

Session on Women Empowerment, Phagwara

Session on Kathak, North Delhi

Lamp Lighting-Induction Ceremony, Noida

Session on CIRCA by Mr. Deepak Sharma, South Delhi

Pillars of USF

1. Monetary Support

USF helps girls to continue their education by providing them financial backing that they need post Grade 10. The programme not only helps realise Shalinis their full potential but enables them to complete their undergraduate studies or vocational training programmes.

2. Curriculum Based Capacity Building Workshops

It is essential that alongside academics, various team and capacity-building workshops are conducted as per a curated curriculum. The backbone of the programme, the workshops focus on the development of multiple skills, from empathy to conflict management to aspiration building. Residential camps encourage trust, independence, personal growth and skill development.

3. Personalised Mentoring Support

A family is all you need to guide you through the various challenges that life may throw your way. The programme ensures that each Shalini receives mentorship from Senior Shalinis

(called mentor didis) and leaders, educators and enlightened citizens from various fields who constantly motivate and establish a deeper connection which makes the girls strong, stable and confident.

4. Giving Back to Society

Social work campaigns, peer mentoring and an overarching belief that giving back to the communities they grow up in will build a stronger, more just society is a value instilled in the girls as an integral part of the programme.

5. Employability Training

USF Employability and Placement Cell was established in 2017. Keeping in mind the scenario of job market requirements, the Genpact Social Impact fellows (GSIF) designed various modules to enhance and build the soft skills capabilities of the Shalinis, which in turn improves their chances of employability, transforming a young girl to a change maker in her family and community. Taking a step further, an exclusive placement cell assists the girls with internship and placement in fields of their choice.

Journey of USF

STORIES OF HOPE

AURANGABAD

Founding Year: **2008**

Number of Shalinis in 2019-20: **318**

Number of Shalinis inducted in 2019-20: **112**

Number of Shalinis impacted since inception: **479**

MAYURI PATIL

“USF taught me that being successful is easy if you maintain consistency and hard work, applying the same formula- the results are amazing.”

Mayuri Sunil Patil was awarded the Udayan Shalini Fellowship in 2015. After joining USF, she pursued her education and attended workshops which helped her become more confident and emotionally strong.

After completing her Grade 12, she joined Indian Institute of Food Science and Technology for graduation in Food Science and Quality Control. She eventually became a core member of Public Health and Nutrition Care Association, Aurangabad as a Nutritionist. Mayuri has been appreciated in newspapers like Urdu Express and Sakal newspapers during the National Nutrition Week in 2019.

She loves dancing and one of Udayan Care's mentors, Shreya Bazaz, helped her join Kathak classes and Mayuri passed the exam with flying colours. She is a researcher as well; her research paper titled "Study of Effect of Iron Rich Supplementation on College Going Girls" was published and she also presented the same in National Conference on Women's Empowerment held at Beed, Maharashtra.

BADDI

Founding Year: **2017**

Number of Shalinis inducted in 2019-20: **30**

Number of Shalinis impacted since inception: **207**

MANISHA

“I like to think of the hard times as my motivation today.”

Manisha has always been very ambitious. After the sudden demise of her father, her mother took care of her. With the responsibility of two younger siblings and her mother's health issues, Manisha had to work. She was the only earning member of the family. Currently, she is pursuing B.Com. She is an extremely hardworking girl and wants to go to Canada for further studies. She is also good at sports and plays at the district level.

Currently Manisha has started her own group named "Helping Hands" in which she and her friends go to primary schools and Anganwadi Centres weekly to teach children and distribute basic necessities like stationery and hygiene kits. She also participated in Miss Himachal 2020 contest and cleared 2 rounds, reaching the semifinals. A true all-rounder.

SANJANA

“I want to thank USF for always being on my side and guiding me.”

Sanjana is an academically gifted, warm, caring girl, and has always had the potential to excel. During one of the monthly workshops, she heard from different professionals about various career options including those for a prospective Chartered Accountant.

Accounting was Sanjana's favourite subject, and this clinched the deal for her. With proper guidance from her mentor at USF, and the financial support she got as part of the Shalini program, Sanjana was able to choose the right career path and is now pursuing her CA studies.

Sanjana comes from a family with limited financial resources. During the past year, in addition to focusing on academics, she's supported her family by taking tuitions. She often also stays back after college to help her friends. She's very grateful to have help and support from her mentor and USF team.

CHENNAI

Founding Year: **2017**

SNEGHA

“Nothing worth having comes easy.”

Snegha's father is an auto driver and she has two sisters. Her father is the sole bread-earner of the family. She aspires to be an IAS officer. Her dream was to be ranked 1st and have her name on the notice board of her school. However, achieving her dream was not that easy. She faced a lot of struggles during her exams. Three days before her language exam, she suffered a severe infection and could barely study. When the results were declared, she got 92% and was the topper of her school. It makes her feel happy that she achieved her first dream. She thanks her mentors from USF who guided her all through the way. Her sheer grit will ensure she will achieve the rest of her dreams.

NEHA BISHT

“It was easy for me to dream big but it was harder to achieve them and yes, this is not my final destination, the best is yet to come.”

Neha Bisht completed her schooling from GGIC Maldevta, Dehradun, and her graduation from DBS, PG College, Dehradun. She came from a poor family but was always ambitious and her dream was to land a government job. She joined Udayan Care in 2009 where the Fellowship supported her financially and helped transform her personality and boost her self-confidence. Neha, with her hard work and sheer dedication, cleared Uttarakhand Lower PCS Exam and is currently posted in Uttarkashi in District Food Supply Department of Food Civil Supplies and Consumer Affairs Department, Uttarakhand Government, as a Supply Inspector.

Number of Shalinis impacted since inception: **210**

YUKTA

“USF has given wings to my dreams. I owe my success to the guidance given by my mentors at USF.”

Yukta hails from a rural background where society does not believe in educating girls. But she considers herself lucky that her parents have always supported her. Her father is a farmer and is the only bread earner of the family.

Yukta has closely witnessed the struggles of her family. This drove her to work hard and achieve her goals. She topped her school in her Grade 10 boards by scoring 95% marks, and then again in Grade 12, by scoring 80 % in PCM. She was selected by HCL Technologies for their Tech Bee program which provided her an opportunity to work on the IT floor as a Software Engineer, after successful completion of her training. Currently, she is pursuing her graduation from BITS Pilani.

MEHAK ARORA

“Getting admission in GD Goenka University was possible only because of Udayan Shalini Fellowship. The mentors helped me improve my personality and achieve my dreams.”

Mehak Arora, after being selected as a Shalini, was mentored by professionals from Ameriprise Financial. She received a 100% fellowship to study at GD Goenka University. Along with her team (Startup-Force), she participated in Smart India Hackathon (SIH) 2020, a national initiative, launched by the Government of India where students work on challenges faced within various Ministries, Departments, Industries, PSUs and NGOs, to create world class technology solutions. Her team won the Hackathon with a cash prize of one lakh rupees and a certificate. She expresses gratitude to the mentors at the USF to achieve her dreams.

In the future, she wants to build her career in the field of Computer Science.

HARIDWAR

PREETI

“The different workshops, particularly related to positive thinking and confidence building, contributed to my personality growth and strengthened my confidence.”

Preeti has always been extremely hard working and determined to overcome all challenges that life has thrown her way. Having been raised in a farmer's family with six family members, she has always been keen to pursue her dreams in her own way. Preeti is an excellent hockey player and has played at the district and state level, which has won her recognition.

Inspired by USF's pillar of giving back, she has participated actively in tree plantation drives and Ganga Safai Abhiyan. She also teaches some children free of cost and trains her juniors to play hockey.

Preeti has completed her graduation (B.Sc) and is currently pursuing Bachelors in Physical Education, 2nd year, from Lovely Professional University, Phagwara, Punjab.

NIKITHA

“USF has helped me to gain immense confidence and taught me how to stand up for myself, opening up a new world for me.”

Nikitha hails from a family of four and is the eldest among 2 sisters. Since the beginning of her journey with USF, her goals and determination were extremely evident. She kept academic excellence as her lodestar and built her employability skills through regularly attending USF workshops. Her parents and her whole family have always been very supportive of her studies. Her mentor at USF had a very positive feedback of her and was impressed by her leadership qualities, communication skills and diligence.

In her final year now, she has already been placed with a reputable IT based company in Hyderabad. Her extra-curricular skills, subject knowledge, willingness to go the extra mile and hunger to learn more, impressed the interviewers enormously.

NEHA GYAMLANI

“I gained clarity about my career because of USF and I even received guidance for my CA exams from the USF team.”

Neha comes from a lower middle-class family. Udayan Care extended financial support which was very important for her at the time. Moreover, Neha became clearer about her career after attending workshops organized by USF. She not only gained essential communication skills but also received guidance to prepare for CA exams. She took coaching for her CPT exam just after Grade 12 exams. After appearing in IPCC, she completed her internship under Santosh Agarwal Associates. It was in 2019 that she cleared her final exam and became a Chartered Accountant. Currently, she is working as a Senior Finance Executive at Wipro Limited, Bangalore.

Neha gives back to USF by organising workshops for younger Shalinis to motivate and guide them.

SREETAMA DAS

“Udayan Care has been a true friend, philosopher and guide in my life. When all the doors were shut, it held my hand and helped me see the path ahead. I feel deeply bonded with the organisation.”

Sreetama's family is entirely dependent on her father's income, who earns his living as a vendor. When she became a Shalini, she honed her professional skills by attending workshops conducted by industry experts and receiving effective mentorship from the USF team. With Udayan Care's support, she completed her studies with B.Sc in Physics (Honours) from Jadavpur University and qualified for the integrated Ph.D programme in Physics at Harish Chandra Research Institute, Allahabad, under the Department of Atomic Energy of Govt. of India. Currently, she is pursuing her post-doctoral studies on Theoretical Quantum Information from LMU Munich, Germany, funded by the Government of Germany.

HIMANSHI SHUKLA

“After I became a Shalini, I felt a change within myself. I got a chance to meet many people and learn from them. Prof. Sushama Sharma boosted my confidence and motivated me to do something unique. Hence, I dedicate all my prizes to her.”

Himanshi is studying in Grade 12 at the University Senior Secondary Model School, Kurukshetra. Her father works as a mess worker and mother is a housewife. She has three sisters, fortunately all in school. A multi-faceted and highly inquisitive young girl, she enjoys the thrill of participating in various competitions, be it sports or quizzing. She has won quiz competitions at the district and regional level. An exposure visit to the Parliament House, Delhi, piqued her interest in governance and helped build her dream of becoming an Administrative Officer. She says she wants to serve society like Udayan Care does.

KHUSHBU BARANWAL

“Don't let fear of what could happen, make nothing happen.”

“

Since Khushbu's parents could not afford her coaching fees, she took the help of her elder brother, one of her teachers and YouTube to replace tuitions. She secured 78.4% in Grade 12 and 94.3 percentile in MHT-CET, which got her admission to K. M Kundnani College of Pharmacy. Currently, she is in the 2nd year of her B. Pharmacy.

Khushbu has always been keen to give back to society since her association with USF began. Her brother introduced her to blog writing and she began to learn more about it. She soon started her own research and observed that people don't take care of their eating habits as much as they should. She is grateful to Ms. Dipti Shah - USF Core Team Member and Mentor, and Ms. Pooja Mehra, USF, convenor, Mumbai who motivated her to write her own health-related blogs. Read them at: healthykhushlife.blogspot.com

KANCHAN THAPA

“Udayan Care was just an organisation at first, eventually it became a family.”

“

Kanchan belongs to a family of 6 members. She and her siblings have battled virtual abandonment by their father, who did not want any of them to study. It was Kanchan's mother who stood up for her children and ensured they enrolled in school. Kanchan is gifted with a beautiful voice for which she has won many awards and certificates. She gets her inspiration from her mother, who is her role model. After joining USF, Kanchan's hard work, dedication and perseverance have allowed her to achieve new heights. Despite all the challenges, she may have faced, Kanchan is a positive soul and always tries to make people around her smile. She feels the power of USF lies in making girls believe they can dream and then gives them the means to achieve their dream.

ARCHANA TIWARI

“USF gave me wonderful opportunities. I remember how residential camps, workshops, mentoring and unconditional support throughout my journey have had an impact on my life.”

In a strongly patriarchal society, Archana's father stands out as her hero, not only because of the odds he overcame, not because he taught Archana to follow her heart, but because he helped with household chores.

She completed a Diploma in elementary education. It was a two-day training programme on youth development that Archana attended at Vishva Yuvak Kendra that helped cement her desire to make giving back her career. She founded Connecting Lives, a non-profit working to alleviate the lives of the marginalised. She has received a host of awards and recognition from the state, which has only spurred her on to do more, despite the odds she encounters each day.

KRITIKA SHARMA

“I am thankful to USF for all my achievements. I stand by the belief that by achieving small goals, we get the courage of achieving big goals in life.”

Kritika's achievements reflect the importance of holistic development, the very core of USF. At 19, Kritika has a host of academic and co-curricular laurels to her name. It wasn't always that way. A family of six with a single earning member, financial struggles have always been a part of her life. Inducted into the programme in 2016, Kritika didn't have enough confidence to put her views forward or to face her fears. The mentors at USF motivated her, gave her the financial aid she needed at the time and helped her overcome her fear. She secured 92% in her Grade 12 examination.

She would never shy away from competition, she also won the opportunity to be a part of USF Silver Jubilee Celebration in Delhi, where she met her USF sisters from across the country. She is currently working in the postal department, growing to be a Branch Post Master. She also mentors and guides other Shalinis.

PADMAJA GAIKWAD

“USF programme helped me build my personality and keep me focused. I am the first learner in my family, and now I am much more confident about my dreams after the USF guidance.”

Biology, sports, philosophy, the performing arts; these are Padmaja's varied interests despite being a first-generation learner. Her father is an auto driver and mother Vandana Gaikwad, a home maker. Her innate curiosity brought her to the USF family and introduced her to the new education opportunities colleges across India were offering. A 100% scholarship to Ashoka University, the leading Liberal Arts College in India for her entire four-year course meant life was never to be the same again for Padmaja.

A role model mentor didi to aspiring Shalinis, Padmaja continues to take the time to guide the girls on their personal pathways even as she ensures they attend the USF employability workshops because they gave her focus and direction.

KOMAL SHENGER

“Mai IPS officer banana chahti hu aur vishwas hai k ban kar rahungi, taki meri family ko behtar life de saku. (I want to be a police officer, and I believe I will be one, so I can give my family a better life),”

“

It's difficult to dream when you have a family of 9 to care for and the odds are stacked against you financially. But the love for that family can bring the determination to uplift them, strengthen them and bring them out of grinding poverty. This is Komal's story. A first-generation learner, attending a Gujarati medium school, Komal had no interests outside of her determination to do well academically. It was this fire within that made her a Shalini and her transformation began.

Her education funded, Komal earnestly began attending USF workshops, ranging from Design Thinking to career opportunities and overcoming public speaking fears. The day she shared a speech in English of her desire to be a police officer her mentors believed they had truly made a difference, one girl at a time. Now an ace video maker, Komal shares her journey and inspires other Shalinis who dare to dream.

”

UDAYAN CARE INFORMATION TECHNOLOGY PROGRAMME

About the Programme

Economic stability and education are the pillars that keep families together. Udayan Care Information Technology Programme (UCIT) ensures these two by the means of learning, training and empowering youth at their IT centres.

UCIT Centres offer various certificate and diploma courses in basic as well as advanced computer applications, such as Community Technical Skills Program, Diploma in Graphics and Print Design, E-Accounting and more.

Emphasis is also laid on other aspects of holistic

development such as soft skills training, English speaking skills, financial literacy, and personality development and mentoring, to make the students ready for the professional world.

—“

Family is a unit that becomes each other's strength when the need arises.

”—

Origin, History and Need of the Programme

The programme planted its roots in 2004, acting as a platform to bring youth, children and women from economically weaker sections to access IT and vocational training. It empowers them through digital literacy and job-oriented skill training. Udayan Care IT Centres are a hub of knowledge and learning that open doors to new career options. The IT Centres were established on the core belief that skills improve employability and help the youth to keep up with upgraded knowledge of the ever-changing digital world.

Udayan Care initiated this programme to make women and youth from unprivileged sections of society stronger, economically independent and to increase their self-worth, thereby empowering their communities. The additional income of the youth helps them to improve their standard of living, making them less socio-economically vulnerable, and strengthens their families.

Facts of Importance

15 million youngsters entering the workforce each year, of which 65-75% are not job ready or are unemployable. (Source: ASSOCHAM industry estimates)

29 million skill-deficit by 2030 in India as the International Labour Organisation (ILO) states. (Source: ILO/Indian Express.com report)

\$1.97 loss will be caused as projected by Accenture due to the skill gap in India in terms of gross domestic product. (Source: 'Fueling India's Skill Revolution,' An Accenture Report, 2019)

Unique Features of UCIT

- Selection and enrollment of trainees from low-income families on highly subsidised fees and freeships
- Area mapping to mobilise beneficiaries
- Job-specific and digital literacy courses
- Ongoing trainee assessment and feedback for certification
- Job shadowing and internship opportunities for trained students
- Job placement facilitation
- Capacity building of trainers and programme staff
- Partnerships and linkages with other organisations, lectures and sessions from industry experts
- Opportunities to give back through social campaigns that spread community awareness
- Strong alumni network

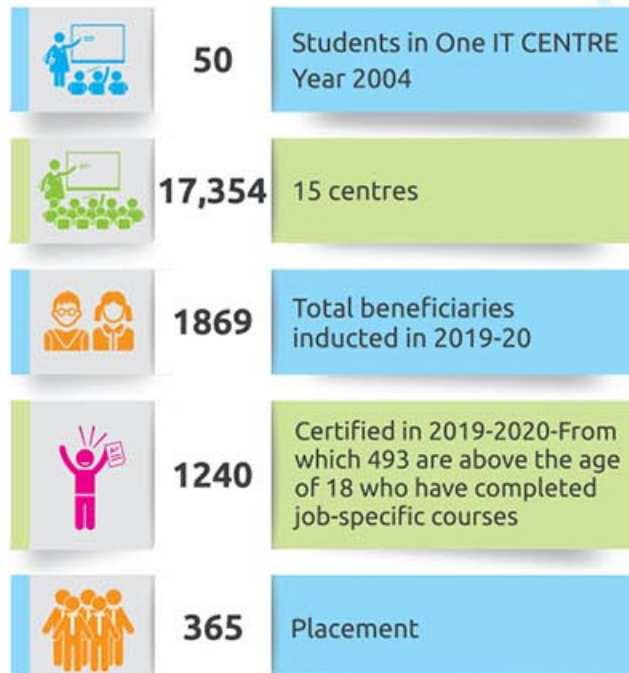

Courses Offered

- Diploma in Computer Application (DCA)
- Advanced Diploma in Computer Application (ADCA)
- Diploma in Information Technology (DIT)
- Graphic & Print Design
- Tally ERP 9
- Desktop Publishing
- Community Technology Skills Programme (CTSP)

Certification Support

- Microsoft
- Tally Education Private Limited (TEPL)
- National Institute of Electronics and Information Technology (NIELIT)

Inauguration of a new IT centre at Loni, Ghaziabad

Workshop on Financial Literacy

Daan Utsav

Workshop on Financial Literacy

To ensure holistic development of students, workshops, co-curricular activities, exposure visits and festival celebrations are held. Such activities help beneficiaries to broaden their horizons and develop self-confidence.

17 life skills workshops, 14 career guidance workshops, 2 field visits for exposure, 50 co-curricular activities, 25 social work activities, 17 industry expert sessions, and 35 competitions and programmes have been held across the IT centres.

UCIT inaugurated a new IT centre at Loni, Ghaziabad with the support of Indian Oil Corporation Limited (IOCL). Two of Udayan Care volunteers from LLOYD college, Greater Noida also conducted POCSO Act Awareness session for the students of the IT centres. Design thinking workshop, a capacity building training was organised to train the trainers and staff of Udayan Care IT centres.

Financial Literacy Workshop

For the last few years, Udayan Care Information Technology programme has been imparting training in financial literacy which helps students understand how basic finances are managed. The financial literacy workshop was structured to cover elements like, how to save and manage expenditures. The session was facilitated by Ms. Shreya Chhaparia, CA (Finance Analyst – American Express), Mr. Shravan, CA (Tax consultant – Ernst & Young) and Ms. Ayushi, CA (Consultant – Ernst & Young). They motivated the students and helped them think ahead about saving from the day they enter workforce.

“
Alone, we can do so
little; together, we can
do so much.
”

Daan Utsav (Joy of Giving)

Building socially aware students has been a tenet of the programme, like the 'Daan Utsav – The Joy of Giving Week', which was celebrated from Oct 2 to Oct 8 across all IT Centres. This year, the youth took a pledge to stop the usage of poly bags and single use plastic packs. The students made placards, paper bags and cloth bags to drive the message home. Each Centre performed a meaningful activity which helped the youth to understand the meaning of 'Giving Back.'

STORIES OF HOPE

Acing the Skill called 'Life'

"Focus, Confidence and Curiosity take you a long way."

“

Bhavya, a 20-year-old pursuing her graduation in commerce from Delhi University's open learning programme, was always motivated by her father who worked as a labour contractor (thekedar), to be an independent girl, which is why she was sent to Kishwana - Udayan Care Computer Learning Center by her parents to take admission in a Computer Course.

From day 1, she was a keen learner and enjoyed sharing her learnings. The 3-month intense training in the Community Technology Skills Programme (CTSP) course made Bhavya confident enough to grab an opportunity at a renowned firm, Target Freight Service, as a Cargo Operations Handler with a salary of Rs. 15000, which indeed was a big achievement for her and a proud moment for Udayan Care.

”

Bond of a Lifetime

"It's hard to stay away from a place that has shaped you as an individual."

“

Manish has been a hard-working boy right from his childhood. In school, he would assist his father, a fruit seller, to raise a family of 5. After completing his studies from a state government school, he signed up at the Udayan Care Computer Learning Centre. He completed an 8-month DCA course from the IT centre and gave an interview at Udayan Care's head office to join the administration department as a support staff. To strengthen his skills, he joined a graphic designing course from Udayan Care's Vinod Nagar centre whilst working at Udayan Care. The course helped him get placed with a well-known firm, but for Manish, Udayan Care was his family. He chose to stay on and now, he ably supports the administration and communication departments.

”

UDAYAN CARE SKILL DEVELOPMENT CENTRE

About the Programme

The first UC Skill Development Centre (SDC) was established in Greater Noida in 2003 and recently in Srinagar, Uttarakhand, to help underprivileged women generate an income and become economically independent. This programme aims to benefit the young women from Udayan Ghar, as well as low-income women from neighbouring communities. It offers courses ranging from stitching, beauty therapy, pottery and paper craft to computer-aided pattern making and graphic designing.

“An educated girl strengthens communities by passing on her knowledge.”

Origin, History and Need of the Programme

CREATE, the Centre for Rehabilitation, Education and Thought Enrichment, began in 2003 to fulfill the skilling needs of underprivileged girls unable to complete formal education, and an ardent belief that women and young girls should be financially independent. Empowering communities is at the core of Udayan Care, which can only be done by empowering women. The skill development courses offered here enables a woman to be financially independent and lead life with dignity.

Just one stitching centre grew to become the Udayan Care Skill Development Centre, a space that became an outlet for the development of women from neighbouring communities, enabled them to supplement their family income and provided them a platform to meet other women, who eventually become their support network, even after employment.

Facts of Importance

58.5% million are the total number of Entrepreneurs in India and 14% are Women Entrepreneurs

20% is India's female labour force participation in 2019

34% less is paid to women than men in India, on an average.

“There is no limit to what we, as women, can accomplish.”

Lives We Transformed

since inception

Total Students

Centres of Skill and Opportunity

Udayan Care Skill Development Centres (SDC) at Greater Noida and Srinagar were started in 2003 and 2019 respectively. The centres have provided 1504 successful training to women in various courses, ranging from Stitching and Tailoring, Beauty Therapy, Paper Craft, Enamel Work, Block Printing and more. The courses eventually turn into livelihood opportunities for the young girls and women, so that they can support their families and be financially independent.

Udayan Care has a homegrown label 'Sukriti', which means 'beautiful creations'. Sukriti engages with various platforms to market these products, enhancing the financial independence of these women, thereby, meeting the objective of the programme. With added training and courses in Pottery, Cookery and Photography, the vision of UCSDC is to provide more choices, which increase the scope of employability among girls and women. Currently, they are able to get jobs with incomes increased by at least 20-25%, thereby, improving the standard of living of their families.

Courses Offered

Greater Noida Centre: Sewing and Tailoring, Beauty Therapy and Grooming, Art and Craft, Enamel Work, Block Printing, Painting on Ceramics, Papercraft, and Graphic Designing

Srinagar Centre: Computers, Hospitality, Sewing and Tailoring

Celebrating with Family

In May 2019, a Photography Exhibition was held, showcasing photographs captured by two Udayan Ghar Aftercare girls, Pratibha and Vanshita, who worked under the guidance of a renowned Photographer, Mr. O.P. Sharma of Triveni Kala Sangam. Udayan Care is grateful to the ace photographer and installation artist, Mr. Samar Singh Jodha, for helping to curate the exhibition.

In November 2019, the first guests, Joseph and Lori Plater of the Church of Jesus Christ, were welcomed to the Srinagar Centre in Uttarakhand. They kindly offered to sponsor the setting up of a Beauty Training School at the Centre, in the coming year.

Beauty Therapy Students at Greater NOIDA - Bridal make up

Udayan Care also took the opportunity to showcase 'Sukriti' products. Since the women who made the garments could not attend the event, they were honoured by displaying a poster with their photos.

UDAYAN CARE

ADVOCACY, RESEARCH AND TRAINING (A.R.T.)

State of Alternative Care in India

Alternative Care is an umbrella term used for care and protection of children who are without parental care. It is still an evolving child protection landscape in India. Even though the international and national policy and legal prescriptions make institutional care the last option for child care, this is predominantly the most practical choice in India,

because other forms of alternative, non-institutional care, such as kinship care, foster care and community care are still at a nascent stage. Data available from Central Adoption Resource Authority (CARA) for previous years suggests that the number of adoptions in India have been abysmally low at less than 5000 per year. It is also clear from the data

that most children who are preferred for adoption, belong to the age group of <6 years. Chances of adoption for children above 6 years reduce drastically. Foster care is a viable option for such children, but at present, most states are only at early pilot stages of implementing foster care or are yet to formulate clear guidelines on that.

"The State shall endeavour to ensure family and community-based care arrangements, with due regard to the best interests of the child" - National Plan of Action, 2013

Data from the 2018 Jena Committee Report¹ indicates that there are more than 3.5 lakh children living in more than 9000 child care institutions, which are either managed directly by the State or by the NGOs. These children are orphans/abandoned/surrendered, with their birth families incapacitated to care for them. Children, who have lived in an institutional care, often remain vulnerable throughout and are at risk of abuse and exploitation. When they leave care at 18 years, they are often ill-prepared for an independent life, which frequently results in unemployment, exploitation and homelessness.

3.5 lakh children living in more than 9000 child care institutions

There is a lot of work needed to promote family and community care, to prevent the separation of children from families through family strengthening and linkages, to improve standards of care at an institutional level, to work on effective transition planning, deinstitutionalisation, data management, to build capacities and skills in child protection workforce, and to focus on Aftercare to support independent living for youth, who have exited the childcare settings.

1. "Report of the Committee for Analysing Data of Mapping and Review Exercise of Child Care Institutions under the Juvenile Justice (Care and Protection of Children) Act, 2015 and Other Homes, constituted by the Ministry of Women and Child Development", Available at: [https://wcd.nic.in/sites/default/files/CIF Report 1.pdf](https://wcd.nic.in/sites/default/files/CIF%20Report%201.pdf), last accessed 2 Oct, 2020

About Advocacy, Research and Training (A.R.T.)

Our Advocacy work is focused on ensuring and enhancing the rights of children who are without parental care. While our practice on Child and Youth Care (CYC) is in India, our advocacy efforts have a larger South Asian focus. We believe in people-centric advocacy that enables civil society members and organisations to take responsibility to improve the situation of these children. Consistent efforts on this front, over the last 25 years of our existence, has given us several learnings as well as impacted the lives of children, women and youth. Being practitioners on child and youth care, we believe in evidence-based practice, and therefore, practice-informed advocacy and research.

Programme Objectives

- Influence policy and decision makers by using persuasive and consistent methods such as seminars, consultations and networking, on different aspects of Alternative Care for children without parental care

**Family and friends
are hidden treasures,
seek them and enjoy
their riches.**

- Research and Publications
- Trainings to increasing capacities of stakeholders for better standards of care in alternative care practices
- Demonstration models of care at state level to work with local organisations and functionaries in building their capacities towards a non-institutional care approach and to focus on the continuum of care approach to support Aftercare services

"Love + Care + Happiness = Family"

Research and Publications

Publication of Our Research Study: Beyond 18...

We published the "Beyond 18: Leaving Child Care Institutions: Supporting Youth Leaving Care", study, initiated by us in collaboration with UNICEF and Tata Trusts, a seminal, first of its kind, study in India. The study was conducted in 5 states of India: Delhi, Gujarat, Karnataka, Maharashtra and Rajasthan, unravelling the current practices, strengths, gaps and needs of Aftercare. The dissemination launch of the study took place in New Delhi, India, on August 21, 2019 and was attended by government functionaries and INGO and NGO functionaries, child rights experts, academicians and researchers, active in the domain of Alternative Care and Aftercare. Care Leavers from Delhi presented a heart-wrenching theatrical skit at the event. The report received huge media attention. The study has also put forward the

"Sphere of Aftercare" as a rehabilitative framework for the implementation of aftercare support services that include eight independent yet inter-connected domains, such as: accommodation, physical health, emotional well-being, legal identity and awareness, education, employment, life skills and social support and interpersonal skills.

Institutionalised Children Deinstitutionalisation Explorations and Beyond

Both issues of this academic journal, for this academic year were special issues, published in a timely manner. The Sept 2019 issue was dedicated to the issues of "caregivers" in alternative care. The March 2020 issue was again a special issue on "Deinstitutionalisation: Policies, Strategies, Practices and Implications in South Asia". Beginning 2020, the journal transitioned to the next level with this being the first year when it was co-published with SAGE publication, and also has our first-ever, guest editors' from Hope and Homes for Children, UK.

Publication of Research Papers

A number of papers were published throughout the year, some prominent ones being:

- "Trauma Informed Care for Adverse Childhood Experiences among Out-of-Home-Care Children - Developing an understanding through Case Studies from India, published in Scottish Journal of Residential Child Care in April 2019; <https://countercurrents.org/2019/06/understanding-deinstitutionalisation-in-india;>

- "Understanding Deinstitutionalisation in India" was published in an online journal Counter Currents in June 2019;
- "Why is there no Provision for Orphaned Children in our Education System yet?" published in Youth Ki Awaaz;
- "The Uncertain future of Young People Leaving Child Care Institutions" <https://www.thehindubusinessline.com/blink/now/how-do-young-people-leaving-child-care-institutions-negotiate-their-lives/article29796125.ece>; and
- A book review of "Beyond 18 - Leaving child care institutions: a study of aftercare practices in five states of India" was published in the Scottish Journal of Residential Child Care (Volume 19.1) by Prof. Kenny McGhee, Through care and Aftercare Lead, CELCIS, University of Strathclyde.

Papers presented in International Conferences

Dr. Kiran Modi, Founder and Managing Trustee, Udayan Care presented the findings from "Beyond 18" study, with different perspectives and focus at various international conferences. At the Sanad Conference, which was the first regional conference on Aftercare for Orphaned Youth and held from April 7-8, 2019 in Cairo, Egypt, Dr. Kiran Modi was the only delegate invited from India and gave two presentations before the august gathering on "Different Approaches to Aftercare" and "the Role of Mentoring in Aftercare Youth". At the CYC Net World Conference in Durban, South Africa, held from July 2-4, 2019, she presented "A Multi-State Study in India on Support for Youth Leaving Care". She was accompanied by the Udayan Care's Advisory Board Member and Mentor Father,

Mr. Deepak Sharma. The conference also addressed diverse child and youth care work from across the globe in engagements on policies, practices, innovative programmes and research. Dr. Modi also presented at the 34th FICE International Congress on Residential and Out of Home Care, in Israel, that was held from October 29-31, 2019 at the Poverty and Social Exclusion Conference in Colombo, Sri Lanka, that was held from December 5-6, 2019. Here she presented on "Education, Poverty, and Social Exclusion: Assessment of Youth Leaving Care" highlighting significant aspects of Capability Theory of Amartya Sen as applied to the plight of Care Leavers.

National Advocacy efforts

The findings of the research was also widely disseminated at various Juvenile Justice Committee meetings at State High Court and Supreme Court consultations, with participation from Care Leavers, government functionaries, experts in the field of child protection, personnel of Child Care Institutions and members of UNICEF, and at various State Level Consultations on Alternative Care, organized by UNICEF, for functionaries of Bihar, Telengana, Tamil Nadu and Kerala.

Series of Round Tables on Family Based Care

A national-level and two state-level round tables on "Understanding Opportunities and Challenges in promoting Family-Based Care for Children" were conducted by Udayan Care, in Bhubaneswar, Chennai and Delhi, on September 6, 13 and 21, 2019 respectively, commissioned by and with support from Catholic Relief Services (CRS). The three round tables convened experts and practitioners with experience of working with vulnerable, abandoned, orphaned and at-risk children in different capacities, possessing knowledge and expertise in prevention of family separation, family strengthening, gatekeeping, and alternative family-based care models. Stakeholders included professionals and activists, working in the capacity to actively

advocate for changes to the present child protection systems, such that preventive aspects become as important as child protection measures, which remains largely confined to institutional care today.

An Address on Caregivers' Challenges

A workshop facilitated by Dr. Bharti Sharma, who, with over 30 years of experience, shared her learnings in policy and its implementation, support systems for caregivers, and what measures caregivers could take to ensure the best for children, all supported by instances and experiences from her work. Her talk included roles and responsibilities, legislative support, individual health, burnout, and wellness of those who care for children growing up outside family care.

Mental Health Workshop with Global Experts

In collaboration with Children's Emergency Relief International (CERI), a workshop was conducted on "Mental Health Care Needs of Children in Out-of Home Settings" to discuss resilience, post-traumatic stress disorder, self-harm, suicide and learning disabilities. Key speakers included Dr. Kiran Modi, Mr. Kris K. Bryant, Dr. Dorcas Adepoju, Dr. Nimesh Desai, Mr. Vikram Dutt, Ms. Akanksha Chande, Dr. Deepak Gupta, Ms. Rita Singh and Mr. Dheeraj Bhasin.

Deinstitutionalisation, Independent Living & Social Reintegration of Children in CCIs

Dr. Kiran Modi made a presentation on "Social Integration of Children living in Childrens' Homes", at a conference organised by TISS Mumbai.

The 1st-ever Indo German Care Leavers' Meet in India

The Indo-German exchange meet between care Leavers was a grand success which was held in partnership with University of Hildesheim, where Care Leavers from Germany and India met in person, in Delhi, to share and know about each other's struggle and victories.

Implementing a New Project on Aftercare in Bihar

Continuing to accord priority to our work on Aftercare, after the publication of our seminal research on the subject, a pilot project was initiated with support from SCPS, Bihar and UNICEF, Bihar, to work in two districts of the state and strengthen aftercare services and support. The project entails capacity building of children, youth and functionaries in three CCIs and one aftercare home in the state. The expected outcome of this intervention is "Policy influencing on alternative care with focus on transition readiness and Aftercare".

Training

- Several sessions were conducted on a range of alternative care issues in the district of Ganjam, Odisha, as part of a collaborative partnership with Catholic Relief Services. The sessions took place from June to December 2019, and focussed on strengthening the understanding of the participants on the family-based and alternative care avenues available along the continuum of care, barefoot counselling, ICPs and SIRs, and case management aspects.
- 2-day divisional workshop on Alternative Care was conducted for district child protection officers in partnership with UNICEF-RMLNLU, in Basti, Uttar Pradesh.
- Upon invitation by the Tamil Nadu State Child Protection Society, a four days training workshop on non-institutional care for children without parental care, was conducted in Chennai with 60 members from all the districts.

Impact figures and Highlights of 2019-2020:

10,483

total people were reached out directly through various advocacy and training programmes.

Looking Ahead

With clear pillars of advocacy, research and training, the emphasis, going forward, is on building evidence for change in alternative care at the ground level in India. Efforts will be made to undertake interventions at district and state level to demonstrate actual change in caring with a focus on non-institutional approach. With international learnings and networking with global players and partners, the next steps will be aimed at applying the learnings from practice and knowledge, and promote the ideological concept of the 'Sphere of Aftercare', as proposed by the study.

Emphasis will also be given to developing modules and curriculum on Aftercare, transition planning and capacity building with Children and Youth in Care, as well as district child protection workforce.

'Global connections with Care Leavers to bring them together through multi-sectoral approaches' will also be made in the coming years, especially by developing forums and spaces that support peer learning and strengthening of this space. 'Pilot projects to directly support Care Leavers in different cities of India' will also be explored.

UDAYAN CARE VOLUNTEER PROGRAMME

Believing in a Cause

Volunteering has been one of the strongest pillars of Udayan Care since its inception. Volunteers bring diversity, inclusion and energy to each of our programmes, and strengthen our governance and management. With a focus on long term committed volunteers that act as agents of change, Udayan Care's Volunteer Programme enables individuals and corporate employees in India and globally to share their time, skills and resources with less privileged children and youth. The Internship Programme provides students on-the-job exposure to the not for profit sector.

Volunteers and Interns 2019-20

Our long-term and lifetime volunteers include the Udayan Care Board of Trustees and Advisory Board Members; Udayan Ghar Mentor Parents; Udayan Shalini Fellowship Convenors, Core Committee Members, Mentors, and Mentor Didis; Committee Members of Skill Development Centres, Board of our academic Journal "Institutionalised Children: Explorations and Beyond", each one committed to the children, girls, women and youth in our care; some drive advocacy for the cause.

This year, we were privileged to have the support of 166 interns and 116 volunteers, for several projects. We were also supported by 14 international volunteers and interns from countries like the United States, Portugal, Brazil, Germany, Colombia and Spain.

Short Term Volunteers/ Interns

92 Indian Volunteers

166 Indian Interns from over 32 Universities and Colleges

11 International Volunteers and Interns from 6 countries

VOLUNTEER'S VOICE

Abhay Raj

Intern, Udayan Care
Jindal Global Law School, Sonipat

“

"I feel enriched"

A life changing-organisation, Udayan Care, adequately summarises the saying of Mother Teresa, "I alone cannot change the world. But I can cast a stone across the waters to create many ripples." I must admit that I was aware of this saying but not its essence and meaning. But during my first year of law school, where I was finding a right path to serve the society, Udayan Care came as a saviour. Not only did I learn the essence of this quote, but the internship also provided me with a reality check.

Coming to the best part of being associated with Udayan Care, it is not difficult to contribute with such an enriching team. The team, particularly, the ambition of Kiran ma'am to make this world a better place for the unprivileged, enriches and aids each contributor at every point.

I would recommend everyone to volunteer, intern, donate, and be associated with the 'family' at Udayan Care.

”

“

**Family is a
life jacket in the
stormy sea of life**

”

Ms Rukmani Haldea, IAS (Retd.)

Ms Rukmani Haldea IAS (Retd.)
Honorary Mentor Mother (Udayan Ghar, Jaipur)
Trustee and Convenor USF-Jaipur Chapter

“

*'Home (Ghar) is where the heart
finds peace'*

I owe it to my parents for instilling in me the value and desire to do social work.

Coming to Udayan Care, while posted in Delhi in 1995, I came to learn about the wonderful work being done by Kiran Modi in the area of child care. Once I met Kiran, and was exposed to her dedication and involvement in her mission of providing home-like environment to abandoned/orphaned children, I was completely bowled over. There was no turning back. She became my inspiration and guide. While in Delhi, I volunteered in going over to Sant Nagar Home and teach some of the kids. They still remember me fondly for the chocolates, I used to get for them whenever I visited; Kiran revealed to me a decade later, at an event. The hours I spent with these girls were the highlight of my stint in Delhi and it was unimaginable the love and warmth I received from them. While in Delhi, Kiran also associated me with some of her Committees. So my bonding with Udayan Care was complete.

I used to tell Kiran that my dream was to put an Udayan Ghar for girls in Jaipur after my retirement and be more closely associated with the organisation. As Providence had it, we opened our Home in 2010, and later with the launch of the Shalini Programme my cup of joy overflowed.

Now, as a Trustee, when I interact with the members and staff, it further strengthens my ties with Udayan Care.

”

UDAYAN CARE AROUND THE GLOBE

Udayan Care USA

Udayan Care USA (UCUSA) was incorporated in 2009 by Udayan Care's international volunteers and donors Jesse George-Nichol, Ricky Surie, and Seth Call—as well as Dr. Kiran Modi, founder of Udayan Care India. UCUSA was established to improve the lives of disadvantaged women and children in India and to spread awareness of their plight in the United States.

We are proud to announce the induction of five new Board members in May of 2019, Rakhi Agarwal, Ohio; Anitha Kosanam, Ohio; Ruchi Saran, California, Netoo Sethi, Illinois, and Vishal Goyal, New Jersey. The Board's diverse geographic spectrum means increased awareness building and fundraising efforts for Udayan Care USA in the future. Moving on as Board Emeritus are Anita Akerkar and Divya Singh who have long served as Treasurer and President. Board members, Monika Saksena and Vishal Goyal, discontinued towards the end of 2019.

The current Board members are Dr. Kiran Modi, Aneesha Wadhwa, Jesse George-Nichol, Shraddha Gupta, Netoo Sethi, Anitha Kosanam, Ruchi Saran, and Rakhi Agarwal, all placed across USA and India.

Events

The annual Sip and Savor event that was supposed to be held on February 9, 2019 was delayed to April 21, 2019 due to a snowstorm and was eventually held with better success (in raising funds) than its previous year.

Donors

We are immensely grateful to all our donors, whether as individuals or as corporates, who came

on board and gave us the much-needed support. We would like to mention these donors who contributed a significant amount: Rajiv & Latika Jain Foundation, Suresh Raja, Hemant and Suniti Thapar, James Sheppard, Diljit Ahluwalia Family Foundation, F5 Networks, Devraj Chitnis, Hardeep Dhaliwal, Anita Akerkar, Richard Brawn, Mona Butani, Abhimanyu Das, Meena Dhawan, Carina Weyer, Jesse George-Nichol, Prashanth Goyal, Durr Mahajan, Jamuna Makhija, Lisa Mohanty, Srivats Srinivasan, Darshana Shanghag, Prashanth Shekar, Jujhar Singh. Sanjana Swamy's corpus donation, earned interest and continued to support Shalini Fellows.

We are very grateful to all of them.

Udayan Care Australia

Overview

Udayan Care Australia (UCA) was set up in 2008, in Sydney, by our volunteer, Julie Lantry, to raise awareness and resources for disadvantaged children, youth and women in India, through the very effective programmes run by Udayan Care India. The current committee members are Isabel Sahni, Julie Lantry, Saman Kazmi and Dr. Kiran Modi.

Events & Donors

Westpac confirmed their commitment of donating \$10,000 per year for the Udayan Shalini Fellowship Programme. Mr Saman Kazmi organised a fund raiser for Eid in June last year which raised around \$600 through donations and sale of Udayan Care Skill Development Centre items. We continue to have monthly donations from Sally Carter for the Udayan Ghar Programme.

Udayan Care Germany

Overview

Udayan Care Germany was founded in 2014, by our volunteer, Thomas V. Hake, who after serving in India, took upon himself to set up its presence in Germany, to raise awareness and resources for Udayan Care India's programmes. The current executive board members are Thomas V. Hake, Nina Aldag and Niels Hiddemann, with Juergen Osterhage, a well-known German journalist, as its Chairman. The annual budget of 10.000€ of Udayan Care Germany helped 50 Shalinis on their way to a bright future, in the Greater Noida chapter of the Udayan Shalini Fellowship Programme.

Events

Unfortunately, UC Germany's annual Charity Dinner was cancelled at the end of March, due to the Covid-19 pandemic.

Donors

Until now, the world seems to be upside down and Covid-19 means restrictions for everyone around

the world to an extent no one could ever think of. We can only imagine how difficult things might be in other countries and the associated financial burden and loss. UC Germany is raising additional funds to support Shalinis and their families as livelihoods seem upended by the pandemic.

As always, we would especially like to thank Gerlinde Buchinger Schmid for her generous contributions. Udayan Care Germany would not be what it is without her!

We would also like to thank every single donor for their yearly contributions that strengthen families across Udayan Care Programmes.

“
Having somewhere to go is home. Having someone to love is family. And having both is a blessing.
”

FUND RAISING, EVENTS AND MORE

Events

- "To honour my mother's generosity and my father's values, I will be running the Airtel Delhi Half Marathon this October to raise a matching amount of Rs. 25 Lakhs for Udayan Care." The July 29, his father's birthday, saw the launch of our Airtel Delhi Half Marathon (ADHM) Care Champion, Udayan Care Trustee, Mr. Deepak Sharma. At his mother's behest, he donated his father's pension towards the support of education for underprivileged girls and went on to become one of the highest fund raisers at ADHM 2019, breaking his own "personal best" fund raising record.
- ADHM 2019 also saw 336 Individuals, 4 Corporates (Make My Trip, Power Finance

Corporation, FCM Travels, NTPC) & 4 Care Champions ran to support Udayan Care's vision of "Making Young Lives Shine". Our Star Champions Mr. Deepak Sharma, Anup Kalra, Tarun Walecha and Jia Bhargava pushed their fund-raising targets to new heights. Our newest and youngest 16-year-old iCare Champion Ms. Jia Bhargava ran 10 km and pledged to raise Rs. 1 Lakh for the cause of education.

- Adidas, one of our biggest supporters, organised an adidas – Udayan Care soccer match on September 17, 2019 at their premises. Pitched against each other, Udayan Care won hands down, but it was the camaraderie and care of the adidas team that brought the teams closer together.

- During Daan Utsav, from October 2-8, 2019, our generous donors Make My Trip, Microsoft, and adidas gave us an opportunity to set up stalls at their office premises and exhibit the products made by women from Skill Development Centre, even as the children, girls and youth across our programmes celebrated by giving rather than receiving.
- Can assist held their Annual Kids Carnival on a sunny winter day at the Canadian High Commission. They were kind enough to invite our Udayan Ghar children to be their guests of honour, where they performed a folk dance, played outdoor games with volunteers and enjoyed snacks on the sunny lawns.
- Mr. Shikhar Malhotra (Trustee - Shiv Nadar School and Executive Director - HCL Corporation) visited Noida Boys home to celebrate his son Armaan's birthday with our children of Noida Boys. Ms. Tisha Palit visited the Girls home and organised Lunch and ice cream for the children. Ms. Ruchi Kohli, who is our new donor, also visited our Noida Girls home, post Diwali, to spread and share the love and joy with the girls.
- Udayan Care was a charity partner at a Mumbai fundraising event – Umrao Jaan Ada, a musical play adapted from an Urdu novel by Mirza Hadi Ruswa.
- Tata Mumbai Marathon- Udayan Shalini Fellowship Mumbai and Thane had their debut run at the Tata Marathon, with supporters, Shalinis and mentors raising awareness for girls' higher education.

Donor Support

- Vatika group, our long term supporters, sponsored a trip to the Tirthan Valley, Himachal Pradesh, for 13 children of Udayan Ghar from April 21-April 27, 2019. This trip helped our children to learn by interacting and exploring with the locals which increased their confidence and also improved their social and interpersonal skills. The trip has rejuvenated and refreshed the minds of our children.
- ADOBE funded our West Vinod Nagar centre to equip children and youth with the necessary IT skills in order to secure a good job.
- Our 15th IT Centre at Noida was made possible because of HCL, who pledged to change the lives of youth through digital literacy. The Yuvakendra ensures employable skills for youth in local communities, strengthening families through economic security.
- Toyota Material Handling India Pvt. Ltd conducted a CSR event on September 7 at Gurugram Udayan Ghar (Boys). Their generous donation of a silent generator set, water coolers, water softeners and desert coolers has helped make the harsh summer a lot easier to bear for the young boys of the home.

NGO Engagement and Other Partnerships

We partnered with several NGOs, and other organisations, across India, who helped in many ways, from sourcing beneficiaries to providing them platforms for social work, to raising awareness about Udayan Care, conducted workshops on Career Development, art workshops, etc.; some even provided internship opportunities.

Aadhya Foundation, Anjuman Islam, Association For Advocacy and Legal Initiatives (AALI), Aasra Trust, Adanya Chethana, Akanksha Foundation, Amcha Ghar, Ananda Foundation, Angel Express, Antarang Foundation, Aruna, Blind School Bhosari, Centre for Applied Research and People's Engagement (CARPE), Canassist, Chetna Learning Center, Counsel to Secure Justice (CSJ), DASRA, Daliyon Ka Dagadiya NGO, Door Step Schools Organisation, Doorstep, Drishyakala, Druvansh, Dyandeep Highschool Rupeenagar, Eaton India Foundation, EFICOR, Global Interfaith Wash Alliance, Geetha Foundation, Gold Heart Foundation, Hamaara Sapna, HAQ Centre for Child Rights, Healing Nest Foundation, HNB Garhwal University Srinagar, Humara Sapna, ICICI Foundation, I Teach Schools, Indo-German Chamber of Commerce, Human Touch Foundation, Inner Wheel Club, Janmithra, Jyoti Yatra, Kailash Satyarthi Foundation, Kanya Shala Pune, Waghere, Kriti Trust, Leadership Fairways Consulting Pvt. Ltd. Leher, Masoom, Nanhi Kali, My Home India, NGO Vikas Vishranti, Nudge Gurukul, Patashibai Ratanchand Manav Kalyan Trust, Pehchaan, Pehchaan, Kurnivits (Part of Kurniv) Foundation, Pune, Pratishtha Foundation, Prayas Foundation, Prerana Ashram (Vridh Ashram), Kurukshetra, Rainbow Homes, Saathi Centre, Salaam Bombay Foundation, Salam Balak Trust, Sampoorana Club, Shashi Kiran Charitable, Shri Kalptaru Sasthan, Sir Aurobindo Society, SOSVA, Srijan Foundation, Sundarabai Rathi Girls High School, Tapan Rehabilitation Society, Nelokheri, Tatva Wellness Point, The Shelter Progetto India Charitable Trust, Vatsalya Vatika-Kurukshetra, Vidhyalay Uddhyam Association-Hiladri, Vidya India, Vigyanashala, Vishwas Vidyalaya, VishwaYuvak Kendra, Water Supply and Sanitation Collaborative Council (WSSCC), Where are India's Children (WAIC), Youth Council for Development Alternative (YCDA).

Corporate Engagement

Under CSR and even as part of the Company's policy, many Corporates organised events and employee engagement programmes across our projects. Some Corporates organised capacity building workshops, even Immunisation Camps for our beneficiaries.

Accenture, Adroit Solutions, Amazon India, American Express, Ameriprise Financial, ASOS, Beacon Holidays, Big Bazaar, Bonanza Portfolio Ltd., Bandwidth Events, Business Connect, Cocusto, Cognizant, Google India, Entrepreneur, Evervantage, Feed India, Genpact, Greenlam, IDS InfoTech limited, Inventia Healthcare Ltd., Just Lifestyle Pvt. Ltd., Kohli Chitkara & Co LLP, Krishna Maruti Group, Krisumi Pvt. Ltd., Lalit Kala Academy, Lemon Tree & Red Fox, Larsen & Turbo, McDonald's, Mercer, Microsoft, Mid-Day Infomedia, New Acropolis, On Graph Technologies, Optum India, Orbit Exports, Phoenix Club, Red FM, Relaxo Footwear Ltd., SNC Lavalin, Tiens Group, Tata ProEngage, Toyota Material Handling India Pvt. Ltd., UFLEX INDIA, Rupa and Co, United Colors of Benetton, Urbana, Vatika Group, YUM Group

Capacity Building of Beneficiaries, Members and Employees

Volunteers and resource people from India as well as across the world enriched our children and staff by holding several capacity building and professional workshops. Some of our Trustees as well as Advisory Board Members also contributed their expertise and skills towards making Udayan Care a professionally managed organisation.

Akansha Arora, Advisory Board Member, Udayan Care worked strategically to devise quarterly Performance Appraisal system for the employees of Udayan Care. Ashok Chakraborty, Core Committee Member, USF Noida, took 2 sessions on Email Etiquettes. Mr. Malak Bhatt gave crucial inputs for the POSH documents and conducted a session on the same for the staff of Udayan Care. He has also given significant contribution for EWS policy for Aftercare.

Deepak Sharma, Trustee, Udayan Care took a session for Carers on Udayan Care on Values – Vision, Mission, and Values during Udayan Care Annual Summer Camp. He also introduced ISIBINDI Model and worked for our CIRCA values. Nicole and Ms. Richa from Leher worked upon Restorative Circles in Residential Care Setting. Rajnish Virmani, Core Committee Member USF, Gurugram took multiple sessions of Leadership training. Pratisandhi Foundation took sessions around Menstrual Hygiene and Understanding sex and sexuality for young adults, UG and USF staff.

Care Leavers Network and Association (CLAN)

University of Hildesheim, Germany for facilitating the Indo-German care leavers meeting.

Gratitude for Aiding Us in Our Advocacy Efforts

We are thankful to all our partners, ranging from the Government, INGOs, NGOs and individuals for supporting us in our Advocacy, Research and Training work through the year.

We acknowledge the support of UNICEF India and the Bihar state office for partnering on our first aftercare state project.

We also extend our gratitude to the team at Hope and Homes for Children, UK for their consistent support in expanding the scope of the Biennial International Conference (BICON) from South Asia to the whole of Asia and bringing several international organisations on board to take the 4th BICON forward. We thank them, especially Dr. Delia Pop, Ms. Tessa Bouddrie and Mr. Mark Riley for also coming on board as Guest Editors for the March 2020 issue of ICB and making the journal a richer resource on alternative care.

We are thankful to Dr. Bharthi Sharma for sharing her rich experience and nuanced tips on working around the challenges of child care in Delhi. We are also grateful to Dr. Bharthi Ali, Dr. Neelam Sukramni and Ms. Ritu Mehra for their inputs in conceptualising our five-year strategy and vision for Advocacy.

We also thank Shri Ramesh Negi and Ms. Rita Singh from the Delhi Commission for Protection of Child Rights for their support in initiating the Aftercare Suvidha Kendra for care leavers.

We acknowledge the contribution of individual support received from Ms. Gerlinde Büchinger-Schmid. We thank SOS Kinderdorf International for the valuable support to the production of our academic journal ICB and also thank our Editor-in-chief, Dr. Monisha Nayar-Akhtar, all the editorial board members and the peer reviewers for their contribution to ICEB.

Partnering with Academic Institutions

We are immensely grateful to the schools, colleges, and coaching institutes, who share our vision and become our 'Partners for Change', in bringing about a transformation in our children and youth, from such disadvantaged backgrounds, through quality education. Our children and youth are live examples of what good education can do to shape one's future!

8. Prevention of Sexual Harassment (POSH)

Udayan Care has constituted an Internal committee (IC) on Sexual Harassment on February 23rd, 2014 as per the Sexual Harassment of Woman at Workplace (Prevention, Prohibition and Redressal) Act, 2013. The IC meet periodically and evaluate the workplace, work-culture, healthy work environment that focuses on prevention and awareness, behavior of staff with opposite sex, and possible issues related POSH.

The current Internal Committee (IC) comprises of 5 members, out of which 4 of them are females

It has one presiding officer as the Chairperson of the committee and one external expert as ordained in law.

We maintain mainly 2 registers comprising of complaints received and also Minutes Book. The minutes are recorded in the minutes book and the soft copy is circulated on the same day among committee members. The minutes book is kept at the Head office and available for verification for other members as well as a legal obligation. Moreover Posters have been updated and shared widely with all units across all chapters.

The following table is the highlight of the cases and events during the year 2019-20:

| Summary of events | | | |
|-------------------|---|-------------------|---|
| S.No | Details | Numbers | Remarks |
| 1 | Number of complaints received in a year | None | |
| 2 | Number of complaints disposed of in a year | None | |

| 5 | Awareness through affixing posters in office premises | Done periodically | |
| 6 | Nature of Action taken | Not applicable | |

Highlights of Financial Statements

Basis of Accounting:

The financials have been prepared under the historical cost conventional and accrual method. Income and expenses are accounted on the basis of Generally Accepted Accounting Principles (GAAP) and Accounting Standards (AS) issued by the Institute of Chartered Accountants of India (ICAI) for NGOs wherever applicable, except where otherwise stated.

The income of the year has been segregated as Restricted and Un-restricted funds as per the guidelines issued by the Institute of Chartered Accountants of India (ICAI). The Restricted funds

are the funds given by different agencies for a specific task or for specific projects however the Un-restricted funds are General Donations, Miscellaneous Income etc.

During the year, the Trust mobilised funds, from various sources with the efforts of Trustees, Board Members, Committee Members, Volunteers and Staff, including getting financial aid from funding agencies, the corporate fraternity, other Trusts and NGOs, besides funds from individuals in India and abroad.

TOTAL FUNDS RECEIVED (Rs. 1,844.58) LAKHS

TOTAL OUTFLOW OF FUNDS (Rs. 1,584.58) LAKHS

SPECIFIC GRANTS (Rs. 1,473.34) LAKHS

DIRECT PROGRAMME (Rs. 1,435.10) LAKHS

AUDITORS' REPORT TO THE MEMBERS OF UDAYAN CARE

We have audited the attached Balance Sheet of UDAYAN CARE at March 31, 2020 and also the Income and Expenditure account for the year ended on that date annexed thereto.

Respective responsibilities of Management and Auditors

These financial statements are the responsibility of the entity's management. Our responsibility is to express an opinion on these financial statements based on our audit.

Basis of opinion

We conducted our audit in accordance with auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit.

We have no relationship with or any interests in the Association other than our capacity as auditors.

Opinion

We believe that our audit provides a reasonable basis for our opinion. In our opinion and to the best of our information and according to the explanations given to us, the financial statements read along with the notes give a true and fair view in conformity with the accounting principles generally accepted in India

1. in the case of the Balance Sheet, of the state of affairs of UDAYAN CARE as at March 31, 2020; and
2. in the case of the Income and Expenditure account, of the surplus for the year ended on that date.

TESTIMONIALS

SANJIV GOSWAMI

President, Centre for Education,
Growth & Research. Former Managing
Director, Springer Nature India

“ Indeed it has been an honour to be associated with a noble cause such as yours. The work you do for the uplift of the young Shalinis and the underprivileged children by giving a direction to their lives and making them self-sufficient and independent is truly commendable.

I have had the opportunity to support your multiple initiatives which have strong social impact and each of these well thought out initiatives have gone a long way in improving and stabilising the young girls' lives.

I wish you continued success in your tireless endeavours. ”

“ USF programme with its planned methodology and strategic approach to support education and to building the overall persona of girls coming from weaker sections of our society, has brought massive transitions in the life of Udayan Shalini Fellows. We resonate strongly with the philosophy and goal of the USF to empower the ambitious Shalinis. We have been associated for the last 6 years and wish to support them for a prolonged period. We wish good luck and success to the Udayan Care team. ”

SANJEEV GUPTA

on behalf of Late Shri Ratanlal Ji
Founder & Chairman
Ratan Lal Foundation

RAJEEV KUMAR

Director Programme-Asia
SOS Kinderdorf International

“ Udayan Care has been making some pioneering initiatives on alternative care in India and South Asia region. Udayan Care has created a regional platform for alternative care by conducting Bicons on alternative care. The international journal on alternative care is another contribution of Udayan Care which has helped to mainstream the agenda of alternative care in the region. SOS Children's Villages partnership with Udayan Care has added significant value to the agenda of alternative care both in terms of scope and scale in the Asia region. ”

LAVANYA SHRINAGESH
Global CSR and
DEI Leader, Genpact

“Empowering women not just within the organisation but even in the communities around us is a key focus area for Genpact. We strongly believe that every girl should have access to education, health services, and equal opportunities to grow into strong, independent individual and be a valuable member of community. Empowering women is the key to empowering the society and making a difference to the world around us.

The Udayan Shalini Fellowship (USF), a programme of Udayan Care, gives us an opportunity to realise this vision and enables us to sponsor and mentor adolescent girls. USF currently supports over 3600 girls across India and Genpact is a proud to be a partner in this journey. Our relationship with Udayan Care has been very enriching and given us an opportunity to leverage our expertise to help young women. I thank Dr. Kiran Modi and the Udayan Care team for providing us the opportunity to be a part of this great journey and we look forward to continue working with them to help young women realise their true potential.”

“The giving of food (अन्नदानं) is a great type of charity (महद्दानं). But the giving of knowledge (विद्यादानं) is even greater than that (ततःपरम्). The satisfaction (तृप्तिः) obtained from food (अन्नेन) is only momentary (क्षणिका), while that gained from knowledge (विद्यया) lasts lifelong (यावज्जीवं) Give a man a fish and you feed him for a day; teach a man to fish and you feed him for a lifetime. “When you educate one person you can change a life, when you educate many you can change the world. ” Udayan Shalini Fellowship Programme is doing great work in it.”

“Live as if you were to die tomorrow. Learn as if you were to live forever” – Mahatma Gandhi
