Life is what you make of it
**Vision & Mission**

**Vision**

To Regenerate the Rhythm of Life of the Disadvantaged.

**Mission**

A nurturing home for every orphaned child, an opportunity for higher education for every girl and for every adult, the dignity of self-reliance and the desire to give back to society.

**Theory of Change**

There are millions of orphaned and abandoned children in India; in addition, girls from weaker sections of society do not get an equal opportunity to continue their education; professional skills and attitude are lacking among disadvantaged communities to become economically self-reliant.

Udayan Care provides homes to orphaned children while also giving girls financial and development support to continue higher education, and communities to train themselves in vocations, by engaging socially committed individuals, who provide a transformative, nurturing and mentoring environment, to help them realize their full potential.

---

**UDAYAN GHARS**

Set up and sustain 24 Udayan Ghars reaching out to 400 children

**IT & SKILL DEVELOPMENT CENTRES**

Develop and sustain 12 IT and Skill Development Centres

**RESOURCE CENTER FOR ADVOCACY**

Capacity building of 50,000 people – children from NGOs, educational institutions & civil society members through seminars and research papers

**UDAYAN SHALINI FELLOWSHIPS**

Support 5,300 Udayan Shalini Fellows in 12 cities

**VOLUNTEER & INTERNSHIP PROGRAMME**

Mentor parents, Mentors, interns from prestigious universities and experienced corporate volunteers

7 volunteer bases for Big Friend Programme; with 2,500 committed Big Friends

**STANDARD OPERATING PROCEDURES**

Follow SOPs in all Udayan Care programmes and offer like-minded NGOs the model for replication

**Legal Registration Details:**

*Type of Registration: Public Charitable Trust*

*Date of Registration: 11 February 1994*

*Registration Number: 828*

*Tax Exemption: 80 G and 36 AC (36 AC for specific programmes)*

*FCRA Number: 231650870*
Like you, I believe in the power of transformation.

Take a blank paper for example. An origami artist can transform this blank paper into an intricate object of beauty, with careful and well-thought-out folds. Similarly, Udayan Care’s staff, volunteers, interns, mentors and donors believe, together we can transform children’s lives through care and guidance. Their own initiative and willingness allows us to bring positive change into their lives. Our children were eager to show you this and on a picturesque Sunday morning, they created the beautiful origami pieces that are showcased in this report. You’ll discover how each piece is associated with our Udayan Care programmes and see the joy that our children bring to our lives.

Just as Origami Masters practice relentlessly to perfect their art, we work tirelessly to fine tune our programmes. This year we implemented standardised systems across Udayan Ghars and consolidated all our initiatives. The Udayan Shalini Fellowship (USF) Programme and IT and Skills Development Centres (SDC) are now more result-oriented. Our NOIDA girls are soon going to have a home of their own, thanks to the invaluable support of ASOS! Our staff and volunteers are receiving regular capacity-building training to ensure our children and youth always receive the best care.

Udayan Care’s impact is growing each year. Girls in Hyderabad can now benefit from our new USF centre there. Youth in Sahiabad can look forward to the new computer centre we’re setting up. In Greater NOIDA, trainees attending SDC courses can avail of day care facilities for their children. Neighbouring communities will soon benefit from the livelihood based courses we’re developing in crafts, paper work and enamelled jewellery making.

Our creative team came up with a cheerful Joy of Education theme for fund-raising activities. We encouraged potential donors to open their hearts and help us share the joy of education with lesser-privileged children and young adults... and the results were spectacular!

We’ve conducted several successful seminars, conferences and training sessions spreading awareness for better mental health of children in Care System, and the Juvenile Justice Act at local and national fora. A major accomplishment has been setting up the bi-annual academic journal “Institutionalized Children: Explorations and Beyond” and increasing its reach.

We pay tributes to our guiding spirit, Mr. Suresh Neotia, whom we lost this year. In his honour, we’re launching a post-graduate scholarship for deserving girls called “Pragnya”. Mr. Neotia’s legacy will always live on and continue to make a difference to young lives.

You might’ve noticed that we now have a new visual identity. Since its inception in 1996, Udayan Care has been an impactful agent of positive change in the lives of children and young adults. Our new logo and colours focus on the joy they bring to our lives. It is because of them and because of the relentless hard work and passion of each and every board and staff member, convener, mentor, volunteer, intern, donor and grant maker that we are here today. I thank you all for being a part of the Udayan Care family, now and always.

Kiran Modi
Dr. Kiran Modi
Founder-Managing Trustee
Udayan Shalini Fellowship Programme
Dignity and economic independence are basic rights of every young woman.
In the last 12 years, we have made a difference to the lives of over 3,500 young women. Women like Triparna Mondal, whom we saw through school and college with a scholarship and mentoring. Today she is a Ph.D. student and has already planned a bright future for herself. And Priya Kothiyal, who with a little help from us, did so well in college that she was handpicked by one of India’s most respected IT companies. Young women whose dreams to be an IAS officer, engineer, flight attendant, took wings with our Udayan Shalini Fellowship programme.
While so far we are present in 10 cities in 8 states across India, every young woman whose life we have been a part of has made us determined to reach out to many others like them, across India.

Skill Development Centre
...because all it takes is a bit of guidance to make inborn skills marketable and profitable.
We harness the innate skills all women possess, and transform them into profits that make women run their homes better and educate their children further. Our spectrum is wide and exciting – tailoring, art and crafts, beauty therapy, even teaching. And with the establishment of the Playroom (our day care centre) in 2015, we even provide a safe environment to the children of the women who learn at our Skill Development Centre.

Big Friend Little Friend Programme
Just a word of encouragement, just a little piece of advice, can make a huge difference to a young person.
For adolescents the world can be complicated and a bit overwhelming. They have many questions, doubts, ideas, thoughts and often nobody to share them with. And this is where our Big Friends come in. They talk to their Little Friends. They counsel them. They laugh with them. And sometimes, they merely listen to them. Together, Big Friends and Little Friends cultivate a bond and relationship which is a salve to both.

Advocacy
In our voice lies the strength of thousands of children’s voices.
Our voice reaches out to varied audiences – through publications, paper presentations, consultations, workshops and training. Our voice also reaches out to those who formulate policy, as our work and recommendations could have the power to effect policy reforms. And we do this with one simple goal in mind – to transform the lives of disadvantaged children in institutional settings.

What is the potential of a blank piece of paper?
To a painter it is his next masterpiece. To a writer it is her next best-selling novel. To an origami artist it is the beginning of something beautiful. Similarly, ask yourself, what is the potential of an abandoned or orphaned child? To us, the staff, volunteers and donors of Udayan Care, this child has the ability to grow into an independent, responsible and successful individual through care and belief. Based on the L.I.F.E. model—Living in Family Environment—Udayan Ghars provide sunshine homes that foster abandoned and orphaned children in a nurturing setting.

The Udayan Ghars Journey

- **1996**: The first Udayan Ghar opened its heart to children in need
- **2014-15**: 160 children nurtured and received best quality education
- **March 2015**: 431 children received hope and a new life in 13 homes across 4 Indian states
- **New children, 2014-15**: 98 children

Children restored to families – 62
Restored to other organisations – 19
Children in private schools – 116
Government schools – 11
Open Schools – 8
Vocational Training – 2
Mentor parents nurturing our children – 31 (Women – 28, Men – 3)
Workshops for carer teams, children and young adults – 56
In the Indian joint family system, children benefit by receiving care and affection from the entire family. Each member brings something unique to the child's development just like our Carer Team. Our Udayan Ghars children are cared for by Mentor Parents (socially committed volunteers who groom the children), along with Coordinators, resident Care Givers, Supervisors and Volunteers. The Homes are located in community-oriented middle-class neighbourhoods enabling our children to easily reintegrate themselves into society. Along with the best care, our children and young adults receive the best education at top educational institutions.

**Udayan Ghars Carers**

Caregivers - Live with the children 24x7

Coordinators - Perform legal duties and counsel

Mentor parents - Nurture child Provide opportunities, etc.

Udayan Ghar child's Carer Team

The Carer Team attends regular meetings and capacity-building workshops to foster skills that meet our children's needs. They develop mutual trust and create a loving, non-threatening and non-judgmental environment for our children while addressing issues like medical care, personal hygiene, food, physical and emotional security, and restoring children's self esteem/worth.

**Aftercare Programme**

Our Udayan Ghar children will forever be a part of our family so we're emphatic about aftercare. We take great efforts to ensure a smooth transition from dependent to semi-dependent to completely independent. We provide secure homes for young adults, financial support for professional/vocational education, caution about alcohol and drug problems, therapy for mental health crises, advice on credit trouble, unemployment, homelessness and training in life skills and independent living.

**The Year in Numbers**

- Aftercare facilities – 3 + independent housing
- Young adults being shaped for independence – 31
- Young adults in private schools – 8
- Colleges – 18
- Open learning – 5

**Alumnae**

- Total alumnae till 31st March 2015 – 40
- (11 new members this year)

**What Makes Udayan Ghars Unique**

**Mental Health Programme**

Imagine having stability and security ripped away from you at the beginning of your life. Our brave children have faced such traumatic experiences before coming into our care. Many have trust and confidence issues as a result of their troubled pasts. Along with Home of Hope, USA and Yum Group, we support our children through a robust mental health programme.
A group of psychologists and counsellors constantly works with our children to ensure their well-being. Dr. Deepak Gupta, Child & Adolescent Psychiatrist interacts regularly with the children, and educates carers on nurturing kids to help them reach their full potential. Dr. Monisha C. Nayar-Akhtar, a US-based Psychotherapist and Psychoanalyst, guides our team on the best action plans for our children’s development. Dr. Nayar-Akhtar says, ‘The children have been abandoned and orphaned at such a life stage that recovery is a long and difficult journey. They can develop severe trust issues and lack self-confidence. They’re always thinking, “Why did someone leave me?” Receiving proper mental healthcare early on makes a world of a difference and thankfully the Udayan Care team is working to ensure these children receive it’.

**Capacity-Building Workshops**

We regularly conduct capacity-building workshops for our children, carer teams and volunteers. This year we covered a wide range of topics like Growing Adolescence, Adolescent Sexuality, Creativity and Mental Health, Career Counselling, Child Sexual Abuse, Exam Anxiety, Personal Hygiene, Child Protection Policy and POCSO.

### Academics & Extra-Curricular Activities

**Academic Achievements**

We’re proud to announce that 142 children appeared for examinations this year, including 22 Board Exam takers. Fourteen students performed exceptionally by scoring over 90%! Thirty-five kids scored over 75% and 37 scored between 60 and 74%.

In our Aftercare Programme, 18 young adults took college examinations for Bachelor’s degrees in subjects like social work, business administration, pharmaceuticals and fashion design. We’re proud of them all, including the 3 students who scored above 80%!

**Beyond Academics**

‘Origami requires precision and imagination’, says artist Isao Honda. Similarly our children require education and extra-curricular activities to develop holistically. Here are our sports and creative highlights from the year:

Our kids excelled at a range of sports like football, taekwondo, squash, table tennis and basketball. Their talents were harboured at professional academies like Extreme Martial Arts Academy for Taekwondo, Delhi Development Authority for Squash and Delhi Lawn Tennis Association. Among our many sports stars are children like Marjeena and Raja excelling at football; Disha, Meera, Ritu, and Raja at tennis; and Rajender, Vikas, Sahil, Veer and Raja at basketball. We proudly congratulate Mamta studying at Balvantray Mehta School for being selected for Power Lifting at a national level and qualifying for the Special Olympics World Games in Los Angeles in July 2015!

**Extra-Curricular Achievements – A Few Highlights:**

- **Iftikhar** received 6-months’ training from Art First, a professional art-skills organisation.
- Children from our Mayur Vihar Homes won the gold medal in a dance competition organised by Bhawna Kala Mandir.
- Anupriya, Manisha, Nisha and Khushboo entertained the city as junior radio jockeys on All India Radio Station.
- Tannu participated in a ‘Violence Free Urban Space for Girls and Women’ workshop; Pooja and Suchita attended a 3-day programme conducted by the NGO, We The People.
- Sapna and Nuruksha won gold and silver medals for beautiful artwork in the 11th International Child Art Exhibitions 2014.
- Santosh and Anjali won amazing 1st (Rs 15,000) and 3rd (Rs. 3,000) prizes at HUDCO painting competition!
Udayan Care Children Go Global
Our children are becoming international stars!
Shivani, Pooja, Hitender and Sachin travelled across USA for a year with their Supervisor, Indrani Ghosh, as Indian representatives in the International Children Network's Matsiko World Orphan Choir. Along with children from Peru and Liberia, they brought attention to the plight of orphans. While they were in Montana, Udayan Care volunteers from Canada, Erica and Tyler, delighted them with a surprise visit and motivated them to follow their dreams.
Muskan, Sheetal and Pooja were selected to participate in Wadah Global Gathering 2015 in Indonesia. The camp is aimed at fostering friendship and camaraderie among youth participants. Our girls proudly represented India and shared their culture while learning about international cultures as well. It was such an amazing experience that Sheetal said, 'I learned that nobody is too small and poor to do something for their nation and the world'.

Outings and Celebrations

Children enjoy art, dance, workshops and competitions at the 2014 Summer Camp

Sri Aurobindo Ashram, Delhi arranged for our children to holiday in Nainital. They experienced trekking and rock climbing and practiced yoga and meditation.

Children showcase their athletic prowess at adidas' 9th Annual Sports Athletic Meet

Birthday celebrations at Udayan Ghars

Exciting games, friendly competitions and delicious food at the Annual Winter Carnival, sponsored by our Trustee, late Mr. Suresh Neotia
Jobs & Internships

Our children are real go-getters who eagerly pursue internships each summer to experience practical learning. This year they interned with companies ranging from multinationals and pharmaceuticals to construction businesses, including Sat Krishna Hanuman Technology Limited, Mercer, Vatika, CanKids, Shanti Home Rehabilitation Centre, Holy Cow Foundation, Stepen Laboratories.

We’re very proud of our alumnae for stepping into the “real world” with confidence and competing successfully in the job market. This year, 11 graduates found jobs at companies like Lecooanet Hemant, Fortune Hotels, Kidzoo, Looks Salon Chain and Matrix.

Marriages

Neetu – I found my Udayan Care family when I was 9 years old. I don’t remember much from that time, only that I felt lost and alone till I met my carers, who showed me true love and faith. Growing up, I was interested in developing my clothes-making skills so Udayan Care sent me for stitching and tailoring classes. Now I can mend dresses and even sew new ones! For the last year or two, I felt ready for the next stage of my life and wanted to get married and my carers found me the perfect husband, Dinesh! He lives with a joint-family and owns a bangles and cosmetics shop. I got married on 3rd November 2014 at my Udayan Ghar and everyone I love was there! I’m so happy to start this new chapter with my new big family.

Pinki – My sister and me lost our parents when we were very young and my aunts put us in Udayan Care’s hands soon after. It was traumatizing for me at that age. I couldn’t understand why they did not want us. My mentor parents and counsellors helped me see the brighter side of life. Eventually I learned to think of my carer team as my own family. They have been amazing by giving me opportunities like studying in the prestigious Delhi Public School. It led me to getting a job in a building company, and now I can support myself. On 7 December 2014, I married Sunil – a good man, who treats me well. I also pamper my nephew as often as I can. Thanks Udayan Care, for helping me get to this stage!

Creating a Healthy Environment for Children through Research

Leading researchers and interns help us conduct studies on childcare, so we can constantly improve our programme and contribute significantly to this field of study. Leading researchers and interns help us conduct studies on childcare, so we can constantly improve our programme.

Corporate Engagements & Paying it Forward

We’re grateful to our corporate partners for empowering our children not only with financial aid but soft-skills training as well. MakeMyTrip, Standard Chartered, Genpact, Baxter, Microsoft India and Yum! India took our kids on fun outings this year. Our children enjoyed themselves thoroughly and benefitted greatly by interacting with corporate professionals.

We’re touched and endeared to see that our children take “paying it forward” seriously. They enthusiastically participated in the Joy of Giving Week and generously donated their favourite books, toys and stationery to lesser-privileged children, making them realise how fortunate they were.
Shalu Pal

I was 10 when my mother passed away and my father abandoned me and my four siblings. Luckily we were taken in by the Udayan Care family at Jagshanti Home for Girls, Greater NOIDA. My carer family encouraged me to study by sending me to Delhi Public School and I made them proud by scoring 88.4% in my Boards. I'm now making them more proud by excelling at B. Pharma from Galgotia University. Because of my Udayan Care family's support I have big ambitions. Now I'm making sure other girls at the Home also follow my example and study hard. I visit them regularly and encourage them and help them with any life problems... after all, they're like my little sisters.

Suraj

I don't really remember having any life other than the happy one my Udayan Care Gurgaon Home gave me and my brothers. They encouraged me to pursue art and painting and so I won many prizes for that. I still remember the excitement of winning the Gold Medal at the 11th International Child Art Exhibition! Udayan Care made sure I didn't neglect my studies either. I got 1st prize in the Hindi Olympiad last year! These days I'm very interested in cooking and want to become a professional chef. I've been baking cakes and cookies for the other kids' birthdays and they all seem to love it! I'll continue painting as a hobby but I think I will study Hotel Management after my 12th. Udayan Care taught me that anything is possible, so who knows, maybe I'll soon be a contestant on Master Chef. They'll know me as the painter chef!

Raja

I work with a multinational travel company, MakeMyTrip.com – my first job! My journey to get here has been all thanks to my mentor mother and caregivers from the Mayur Vihar Udayan Ghar home. They took me in as an orphaned child, sent me to a great school and then supported me completely as I got my degree in Tour & Travel Management from University of Delhi. It feels strange calling them "mentor mother and caregivers". To me they are, and always will be my family—my mother, bhalyas and didis.

Soniya

I had a difficult childhood. My mother died early and my father remarried someone who had no place for me. I was lost, alone and helpless. Thankfully, when I was 12, Udayan Ghar, Ghaziabad found me and I found a new family. I studied hard and scored very well in my 10th Board exam. I hope my mentors and carers are proud of me. I did this as much for them, as for myself. Their guidance and counselling helped me focus on studies while keeping stress low. I'm now going to help my little sisters at the Home achieve this as well. I hope that will make my Udayan Care even more proud!
‘You have to dream before your dreams can come true’, said Dr. A.P.J. Abdul Kalam. But what if you don’t have the means to turn your dreams into reality? Many girls in India have dreams and aspirations for a better life. But sadly, education is a luxury for them, and they’re left looking for hope. Udayan Shalini Fellowship (USF) Programme seeks to change that.

We, the Udayan Care volunteers, donors and staff, have defined the goal of USF as providing help to girls with limited financial means, but a great deal of talent and ambition. Together, we help transform these girls – Shalinis (dignified women) – into empowered young women, much like Origami artists turn blank paper into beautiful creations. Of course, none of this would be possible without the spirit and hard work of the girls themselves.

After a thorough selection process we bring new girls from Class XI in Government schools into our Udayan family and then support them for a minimum of 5-6 years, through higher secondary and college or vocational studies. We started small in 2002 by taking 72 girls under our wing in Delhi. With 640 new Shalinis being inducted in 2014-15, we are currently supporting almost 2000 young women across 10 centres. Over the last 12 years, we’ve helped 3,723 stars shine!
Our Shalini's are paired with successful persons in our Mentorship Programme. These mentors, usually senior educationists, voluntarily motivate and guide our girls about not just education and career decisions but also issues they face in daily life. Problems ranging from what subjects to choose, to personal problems that may involve the family, to questions that arise in every adolescent girl's mind.

After two years, these Shalini's become mentor didis for new girls, who in turn act as mentors themselves when the time comes. And so we create a Mentoring Pyramid of Motivation, with Shalini's and volunteers, with the more senior mentors guiding the mentor didis and those who are new to mentoring.

We started with 35 volunteers and now have 143 expert mentors (44 joined in 2014-15) and 211 mentor didis motivating our stars to shine brighter.

---

**Induction and Orientation**
Girls are welcomed into the programme. They are explained how the programme can help them and what the programme expects of them. The new Fellows are encouraged and motivated to fulfil their pledges.

**Parents' Meets**
Highlight of education and to ensure they do not withdraw girls from the programme.

**Giving Back**
Developing a sense of social responsibility in Shalini's through 50 hours of mandatory social work.

**Residential Camps**
Living and learning together through shared activities in camp situation.

**How the Udayan Shalini Fellowship works**

1. **Selection of girls from Class XI in government schools through NAT Assessment (Needs, Ambition, Talent), followed through with written test, interview and home visits.**
2. **Udayan Shalini Pledge-taking**
   An oath by new girls to become responsible citizens.
3. **Mentor-Mentee Matching**
   As per subjects and locations.
4. **Mentor-Mentee Meets**
   Personal interactions with mentees to resolve concerns and questions, and training of mentors.
5. **Capacity Building Workshops**
   Held quarterly and monthly – beyond academics.
The USF programme has helped hundreds of Shalinis graduate with bachelors and masters degrees, clear professional courses and earn diplomas in vocational courses.

Unlike other fellowship programmes for underprivileged girls, our drop-out rate is a mere 4-5%, one of the lowest in the country.

INTER-CHAPTER MEET – COLLECTIVE SHARING & LEARNING WORKSHOP
Ideas, strategies and the best practices to strengthen the programme were shared at the Inter-Chapter Meet, held at our ex-trustee and patron, Late Mr. Suresh Neotia’s home. It was attended by core committee members, mentors, coordinators and volunteers from across the chapters.
Exposure Visit
Three of our girls were lucky enough to visit Indian School of Business (ISB), Chandigarh. Here, they talked to students, received a motivational session and a counselling session. Thanks to Mr. Amit Khanna, Dr. Manmeet Mann, and Associate Director-ASA Ms. Monika Singh for making this possible. Shalini Aakansha Mutreja shares her experience: 'The whole day was full of learning. Remarkable experience! Thanks to ISB and USF for this opportunity'.

Giving Back
Our responsible Shalinis always find new ways to make us proud! They are involved in identifying new Shalinis by being part of the selection process. Some alumnae Shalinis sponsored new girls financially, and some others organised workshops and mentored the new girls.
Our family of Shalinis in Delhi got bigger with the launch of a separate South Delhi centre.

Mr. Raghav Chandra, IAS officer and Donor
Mr Ratanlal & family.
Centre Founders: Mr Sanjeev Gupta, Trustee;
Mr Deepak Ahlawat with the support of Shri Ratanlal Foundation

Mr. Sanjeev Gupta and Mr. Deepak Ahlawat worked hard to get 26 mentors to help the girls, in a short time period.

Topics covered: Life skills, two back to back workshops by Team Sweekha, self consciousness and self awareness, developing leadership qualities, gender sensitivity. Career counselling by team Etasha where Shalinis were given aptitude tests.

Shalinis learned various aspects of community living, collective work and time management while actively participating in Ashram activities, games, yogasan and meditation sessions.

Celebrating Being a Shalini – Alumnae Meet
The Fourth USF Alumnae Meet was held on 1st February 2015. From the first batch to the latest graduating Batch 8, a total of 119 Shalinis enjoyed, rejoiced and reminisced together, along with mentors and conveners. It was a joy seeing how our girls have blossomed into strong young women, much like paper transformed into intricate origami.
All alumnae took the oath to make Udayan Shalini Fellowships Programme self sustainable. Sheel Aggarwal, Convener of Core Committee, Dehradun Centre, dedicated his poem to Shalinis, ‘Ban Ke Shalini Udne Lagne Lagin Betiyan Ye’ (Our little girls have taken flight as Shalinis).
Raising Awareness
On a sunny Saturday afternoon, the villagers of Narsinghpur were roused by a curious sight: 67 enthusiastic Shalinis from Batches 1 & 2, along with volunteers from Baxter International, were walking the streets bearing banners to raise awareness on diarrhoea. Our girls chanted educational words and held informational banners. Touched by the effort, an elderly woman remarked, ‘Mai padh toh sakti nahi par tuhme samjha diya hai toh mai bacchon ka khyaal rakhungi’ (I don’t know how to read but with your advice I will take good care of my children now.) As origami gives back to the creator in the form of beauty, our girls gave insight back to the community.

Exposure visit - Developing confidence
Royal Bank of Scotland (RBS), Gurgaon is voluntarily working with us as a part of their excellent DISHA Project for girls’ education. RBS gave our girls an experience of a lifetime by taking 40 Shalinis to Westin Resort, where they thoroughly enjoyed visiting different departments and understanding their functioning, even as they savoured a day of indulgence.

Topics covered:
Self-motivation, giving back, exam preparedness, communication, leadership, etc.

HARAYANA KURUKSHETRA

Mr. Mohd. Faheem Khan trained mentor didis from the 5th batch providing new leaders.

Topics covered: Career counselling, giving back, self motivation, celebration of United Nation Day, leadership, stress management, team building, life skills (self-awareness), communication skills, exam preparedness, assertiveness, personality development, etc.

Held at Seth Banarsi Das College of Education.
Social Campaigns

Our girls participated in four social campaigns this year – world environment day, personal hygiene, girls’ education and health and Safai Abhiyan (Clean India Campaign), to raise awareness in their communities.

Shalinis Help Community, Raise Healthcare Awareness

Our BHEL Udayan Shalinis held a social awareness drive about the hazards of Swine Flu. Shalinis held banners reading, ‘Swine Flu se mukt pradesh, jan-jan ko yahi sandesh’ (A message to each of you...let’s rid our land of Swine Flu).
We want every deserving girl to get good opportunities, no matter where she lives. As part of a new initiative, faculty from reputed universities visit girls in remote areas and guide them to be empowered women.

Mr. Harshavardhan Neotia, Chairman & Managing Director, Ambuja Group of Companies; Ms. Susmita Malik, CSR Global Head, Genpact; Ms. Pampa Sarkar, Vice President, Finance & Business Development, Genpact; Mr. B.D. Sureka, Chairman, B.D. Sureka Group of Companies; and Mr. Andrew Preston, Senior Governance Advisor for UK Government’s Department for International Development (DFID), Ms. Kusum Bhandari, Convener and Mr. Parimal Ch. Das, Joint Convener, USF Kolkata Centre and other Core Committee Members, Mentors & Alumnae Shalinis were present.

Topics covered: Value & ethics, goal setting, women's empowerment, understanding counselling and its techniques for self growth, creative writing, leadership, social values, yoga, greetings cards from waste, martial arts awareness, theatre, handicrafts & stitching, motivational talk, understanding strength & challenges of an individual, the most influential women in your life, understanding the essence of counselling and its importance in taking decisions and managing time effectively for self growth, handicraft using handmade paper, stress management, understanding the essence of knowing own self and coexisting with others, kung fu self defence, create your own zine, if I could change the world, paper quilling, yoga, kathak dance, present educational system of India, should women be protected or protect themselves, beyond D Box, communication skills, dance movement therapy, presentation skills, identify your talent skill and communication skills and assertive communication.

Organised at Bolpur, Shantiniketan – a joint project of Udayan Care West Bengal, Rotary Club of Calcutta Metropolitan East and Rotary Club of Bolpur, Shantiniketan.

Exposure visit
Weavers Association of Kolkata organised a trip to the Birla Institute of Science & Technology Museum. Our Shalinis enjoyed learning about the mysteries of the universe, physics and motion.

Beyond Kolkata too.... Hooghly and Sunderbans
Udayan Care West Bengal Centre has undertaken a special initiative to reach out to remote areas of West Bengal to provide opportunities of higher education and personal development to needy girls there. Every month, faculty from reputed universities are meeting girls in these areas to encourage them to pursue academics.
Mrs. Rashmi Kedia, the Convener of Udayan Care’s Aurangabad chapter. Mrs. Rajni Bhogale, Mrs. Mohini Kelkar, corporate partners, sponsors, committee members and mentors, like Mrs. Sudha Bazaz; Mrs. Madhavi Thirani, Mrs. Monika Dass, Mrs. Rashmi Kedia, Mrs. Aanchal Machhar, Mrs. Shailja Sanghaneria and Mrs. Anuradha Dhoot.

Topics covered: Personality development, rain water harvesting, women’s law, home remedies, solid waste management, crafts and self-confidence.

Social Awareness Campaign
Our Shalinis invited much praise for their Solid Waste Management awareness campaign at Nath Valley School. They engaged the audience with a presentation, play and a dance. This campaign would not have been possible without the support of Mr. Ranjeet Dass, Principal of Nath Valley School, and all the school teachers.

Mr. Kuldeep K. Sardana, Joint Managing Director & Executive Director, Sukhjit Starch and Chemicals Ltd.; Ms. Neelam Pasricha, Principal, Arya Model School; Dr. Kiran Modi, Managing Trustee, Udayan Care; Mr. Surinder Chopra, Ms. Kanchan Gilothra
Also present: Alumnae Shalinis Asha Devi and Mandep Kaur

Topics covered: Personality development, rain water harvesting, women’s law, home remedies, solid waste management, crafts and self-confidence.
Ms. Lalitha Kumarmangalam (Chairperson of National Commission for Women) was the Chief Guest and Mrs. Gowri Ishwaran (CEO of The Global Education and Leadership Foundation) was the Guest of Honour at the function. Committee members, volunteers and well wisher attended the function.

Topics covered: Goal setting, importance of group collectivity and decision making, health and hygiene, personality development, communication skills, body language, confidence building, menstruation and hygiene, problem solving skills and managing one’s life

Worskshops

Held at Rajasthan Scout & Guide Training Centre, Jaipur

ANDHRA PRADESH/TELANGANA HYDERABAD

We’re proud to add the city of Hyderabad to our family! Our newly added centre is Hyderabad. Committee of members and mentors include Mr Pranay Garg, Convenor; Mr. Abid Ali; Ms. Aditi Vohra; Ms, Deepa Sundar; Ms. Manjari Bhagat; Ms. Mohini Baweja (alumnae Delhi); Ms. Mugdha; Ms. Pallavi Kamat, Ms. Prakriti Sharma; Ms. Rachana Khemka; Ms. Saritha N; Ms. Seema; Ms. Tushi Chaudhary and Ms.

Vasantha, with the Assistant Manager, Ms. Shrinkhla Chandhok, leading the functioning of the Core Committee. Our Hyderabad centre has already pulled off a stellar achievement – Microsoft Corporation has committed funds to support 28 girls, soon-to-be inducted Shalinis in 2015-16! We’re delighted that Hyderabad is taking up our mission of empowering young women.
Success Stories

If I could ever get hold of Aladdin’s Chirag (Magic Lamp) I would wish for a visit to the Eiffel tower in Paris, London Eye in the UK and the Statue of Liberty in New York. My dreams saw the light at the end of the tunnel when I was selected for USF. I always wanted to do something exciting but lack of adequate resources made me skeptical about my dreams. This gap was filled by USF Delhi, which supported me financially and gave me the much-needed direction to pursue my dreams. For the first time, I felt confident and capable. I completed my graduation and soon after got a job with Convergys, a large, respected IT company. But the zeal to explore faraway lands compelled me to take the road less travelled by. So, I followed my childhood dream and became a Flight Attendant with a leading International Airline! I’ve now travelled to 11 countries and will soon fly to the US and to China after that. Maybe once I’ve travelled enough, I’ll go back to studying and do my MBA...add another twist to my journey. Thanks for piloting my journey, USF!

I grew up living in a slum where my whole family shared one room. We didn’t have enough money for necessities, but my parents insisted on me getting a good education. They helped me become a USF Shalini and that’s how I could live my dream of becoming a Computer Engineer! I completed my BCA from Panipat Institute of Science and Technology on a full scholarship, thanks to my USF mentor’s guidance!

With everyone’s support, I became confident and got my first job at Wipro, India’s leading IT company. Words can’t describe how grateful I am to the USF Programme. USF, my parents and my teachers have given me this great life, so I want to give something back. I will be donating part of my first salary to USF so some other girl can also have her dream come true. I hope she will be as happy as I am.

My father runs a small shop and with his meagre earnings we could barely make ends meet. How can one think of education in such circumstances! But one thing I have learnt from my parents is to never give up.

USF came as a fairy godmother in my life. I got selected in the USF programme and could pursue my education. I am currently in the 2nd semester of B. Com. course and have already charted a path for myself. I am going to be a chartered accountant. Along with academics I also love sports, especially badminton, which I play with my friends whenever I get time away from studies. Udayan Shalini has given wings to my dreams to one day help my parents with better earnings and a better quality of life. USF has taught me to remain strong in the face of challenges every step of the way.
My entire life changed in 2007 when I was selected by USF. For five critical years, from class 12 to the time I completed B.Sc. Physics (Hons.) and then M.Sc. in Physics from IIT Kanpur, USF has been constantly by my side. And now, I am pursuing my Ph.D. (Physics) from IIT Kharagpur.

Did I mention that my father is an auto driver?

My dream journey into the world of studies would not have been possible without the support of my family and USF. USF helped me financially by giving me scholarship, and morally by mentoring me. Through USF I have attended workshops in various important topics, which helped me build confidence. I shall continue my relationship with Udayan Care even after completing my studies. That’s a promise I have made to myself and to USF.

I have 8 members in my family. Even though my father is a graduate, his salary is only Rs. 3,000/- a month. Lack of money has always meant that I shall put in double effort in my studies. I passed 12th class board exams with 78% marks and want to major in History and Political Science in college.

My dream is to become an IAS officer and serve my country. For that, I have already started my preparations. But it’s not all work and no play for me. After joining as a Shalini, I have made sure I participate in extracurricular activities too. Everyone says I am blessed with a nice voice – in fact, I won a medal in singing. I was placed in 1st position in Sanskrit competition and 2nd in Mehndi competition.

I shall make sure that the help extended to me by USF cascades to others too. I am helping a girl in my neighbourhood with her studies. Thank you, USF, for everything you are doing for me.

When I was growing up there was never enough money in the house for buying things. I would dream of a superhero to come and save my family from this life.

Through USF now I can become that hero myself! I became a USF Shalini and Udayan Care helped me select a good college (Graphic Era Hill University) for B.Tech. and paid my fees. In my final year, when it was time for campus recruitment, I did so well that I got placed at Infosys as a Systems Manager! Can you believe it? I’m going to work for one of India’s most respected IT companies!

I’ll earn well and use my money to be that superhero who buys everything my family needs.

Thank you USF, for supporting me and helping my family and me get a better life.
I lost my father 5 years ago. My mother, who works at JCT mills, is the sole breadwinner of the family. It’s tough for her as she has poor eyesight, but she has resolve of steel. And that’s one of many qualities I have inherited from her. When my father died, I was about to leave my studies, but she put her foot down. Together we approached the Shalini programme for support. With their guidance and help, I am currently pursuing B. Com. Course from Ramgarhia College in Phagwara. I am determined to pursue a career in chartered accountancy, and that means I must do well in my studies.

USF has seen me through a difficult phase in my life, and today I can proudly say that I am one of the most active fellows and an active participant in the programme. The USF programme is more than a fellowship for me...I share an emotional relationship with it.

My father makes mithai. I have four other sisters, and all of us have a love for studies (apart from a sweet tooth). Much as I love my father, I do not see myself as being a sweet maker -- and neither does my father.

In 2013, I approached Udayan Care and was selected as a Shalini. My dream of becoming an engineer has started taking shape, with advice and unstinted support from my mentor, Sheetal Bahari.

I loved attending workshops organised by USF -- personality development, career counseling, confidence building -- the list is endless. One of the most important life lessons USF taught me was giving back. I taught children living nearby, free of cost.

With help from USF, I am now on the path to becoming an engineer, having got admission in NIT, Sant Longowal Institute of Engineering and Technology at Jalandhar.

USF has changed the course of my life.

It was confusion about what to do in my future that led me to USF. The year was 2011 when I was appearing for my 11th class exams. After securing good marks in class 12 board exams, I was guided and mentored by USF, who helped me select the BCS course. The mentorship continued throughout my course and my marks got better and better. I finally earned Bachelor of Computer Science degree with an aggregate of 84.68%.

The most critical thing USF provided me was financial support -- without that I could not have pursued my education. Among the many workshops I attended at USF, my favourites were the ones on communication skills, personality development, biscuit and cookie making, salwar making and envelope making. How can I thank my mentor, Manju Agrawal Ma’am, enough!

My training at USF helped me do well at a rigorous aptitude test and personal interview, during campus placement, and today, I am working with Wipro. USF is part of my extended family now, and I’m proud of it.
It begins in the mother’s lap! Japanese children first learn the art of Origami from their mothers, who know that it is not only fun, but also an invaluable tool for developing vital skills in a young, supple mind.

We too recognize the importance of Information Technology & soft-skills training in today’s technology-driven corporate world, not just for young children, but also adults. Udayan Care, together with partners like Microsoft and NIELIT (National Institute of Electronics & Information Technology, Government of India), run IT centres of learning in densely populated clusters of slums, resettlement colonies and other low income settlements targeting underprivileged children, youth and adults (especially women).

Programme Vision
To broaden horizons and bring IT closer to the lives of underserved rural and urban communities in Delhi and NCR, and thus empower them for greater job prospects.

Our Information Technology Centres provide a wide spectrum of quality training programmes ranging from basic digital literacy to advanced diplomas in computer applications, along with job readiness training. Their scope widens significantly as we will soon start our own ‘Placement Cell’ with a vision to empower youth with better employment opportunities and enable a smooth transition to the professional world. This will be done next year, through a specialized curriculum for personality development called ‘Job Readiness Training’ (JRT).

Highlights of 2014-2015

- 89% target enrolment by welcoming 801 students
- 48% students are female students
- 286 students received course certifications
- 46 students (over 18 years) were placed at various companies
- In true Udayan Care spirit 35 students received free ship while 118 students were granted concessional fees through a specialized curriculum for personality development called ‘Job Readiness Training’ (JRT)
Currently we run six IT centres in three states. Since inception in 2006, we have successfully enrolled 9,559 trainees, with almost half of them being young women.

*This reflects only completed courses as on 31 March 2015, and not courses of longer duration that were completed later.
**Placement of certified students only.
I've seen first-hand that the Udayan Care staff put their hearts, minds and souls into everything they do, to bring happiness to those less privileged. It was a pleasure for me to help and support their technical training programmes. Among all my volunteering experiences, my time at Udayan Care was the most memorable. I really felt like I was making a difference.

Mr. Paras Bharel, Software professional and Volunteer

Mr. Paras Bharel volunteered at our Delhi IT Centres in January 2015. He instructed our IT Trainers in advanced programming languages like C++, Java and SQL. Mr. Bharel was also instrumental in helping our Placement Cell develop a curriculum for the Job Readiness Training (JRT) course. He also enhanced capabilities on advanced Microsoft Excel techniques for our trainers and Head Office staff.

Sunaina Pandey
I come from a family of six members and only one earner. I saw how much my father was struggling and wanted to ease his burden. So, I joined Udayan Care’s advanced diploma in computer application course. I really enjoyed the way I was taught and through their placement cell I got a job at Serve Samman as a computer trainer! I’m so happy to be financially independent and give my father some relief.

Devender Singh
It is impossible to get a decent job these days without computer skills. This is the first thing I learned after completing class 12th. Udayan Care’s Badarpur Centre offered me a way ahead with their Diploma in Computer Application. After the course, I got a job as a data operator and now I am earning well. My family is very proud of me. They work in the agriculture sector and I am their well-qualified son!

Neetu Singh
Things were in a bad state at home. My father was finding it difficult to take care of our family of eight. But my friends showed me a solution when they told me of Udayan Care Badarpur’s Microsoft Unlimited Potential Programme in Computer Application. After completion, through their placement cell I got a job at National Infant Public School as a computer teacher! The school is helping me study part time also. So, I learn, I earn and help my family. What more could I ask for!

Shekhar Jha
I always wanted to learn computers but in my village there was nowhere to learn and in the city, I heard it was very expensive. One friend told me about Udayan Care’s East Vinod IT Centre, so I jumped at the chance! I learned MS Office first, then Tally and Typing also. Now I am working with Manchanda Builders for stock-keeping and I am also continuing my computer education. I’m so happy I’m looking at a secure and bright future.
Since inception in 2004, Beauty Therapy, Stitching Centre – 864 enrolments
Enrolments in 2014-15 – 65

Ask an Origami Master the secret to his craft and he'll probably tell you, 'Practice makes perfect'. We believe the same when it comes to skills training. Through our Skill Development Centre (SDC) we have developed means for adults to gain the dignity of financial independence by studying vocational courses. The journey began in 2004 with our first SDC at Greater NOIDA providing Stitching and Beauty Therapy courses for women from underprivileged communities. Today our SDC offers a wide range of vocational options aimed at empowering women to lead self-reliant lives. This has been made possible because of the initiative and drive of committed volunteers who lead SDC, working in collaboration with professionals, artists and designers.

**Beauty Therapy** – Women specialising in this course get good job opportunities at salons, and many go on to become entrepreneurs by establishing independent beauty parlours at their homes.

**Tailoring** – Our stitching centre is certified by Usha International Ltd. It has created several employment opportunities for women as a result of enhanced skills. We're currently in the process of establishing our own production centre so the women will have ready work as soon as they complete the course!

**Pre-school Teacher Training** – Mrs. Deepa Oberoi introduced this course in September 2014. The course has carefully designed, theoretical and practical aspects that train women as pre-school teachers.

**Integrated Arts and Crafts** – These courses will cover life-skills training, entrepreneurship classes, film-making and other creative pursuits.

**Paper Craft Studio** – We're very excited about our new Paper Craft Studio being set up for production of rakhis, earrings, neck-pieces, key rings and gift materials under the brand, Udayan Kriti. The studio will create employment, raise awareness about our cause and generate funds for Udayan Care.

**The Playroom** – Established in early 2015, the Daycare Centre provides a secure and fun environment to the children of SDC students.
Our Big Friend Little Friend (BFLF) Programme started in 2010 in partnership with Dr. Randy Yeh, Founder of New Path Foundation (USA and China). Through BFLF, we pair adolescent kids (Little Friends) from Delhi’s slums with young adults from more privileged societies. By caring for, and supporting one another, Little Friends become more confident and ambitious while Big Friends learn compassion and humility. We watch with pride as these young people grow and form long-lasting friendships. We currently have two bases – Kanak Durga in South Delhi and Mahavir Senior Model School in North Delhi.
How BLF Works:

1. Identify and Recruit Volunteers
Under the guidance of Dr. Kiran Modi, our team annually approaches colleges and corporates to encourage young adults to join BLF Programme. This year more than 35 students from Gargi College and Faculty of Management Studies (FMS) showed their interest in becoming a Big Friend.

2. Empowering the Big Friends with Training
Dr. Yeh visited India in July 2014 to personally conduct exciting and empowering Introductory Level Training for 12 Big Friend aspirants.

3. Meet Ups to Strengthen the Bond
It’s chaotic fun at our Delhi Bases twice a month as Big Friends and Little Friends meet up for:
1. Group Activities: Icebreakers like Pictionary or Kho-Kho get everyone in a relaxed and open mood.
2. Birthday Celebrations: Friends’ birthdays are celebrated by sharing cake and singing Happy Birthday!
3. One-on-one Time: Both Big Friends and Little Friends eagerly look forward to spending quality time, one-on-one, and bond with each other, after they are paired together.

4. Awards for the Big Friends
Upon successful completion of one year all the deserving Big Friends are awarded certificates. Last year, 16 Big Friends received certificates for their involvement.

The Experience

Little Friend Nupur*: My Big Friend Isha Di is simply the best! She took me for my first movie experience at PVR cinema (movie theatre) for a 3D movie. We ate chocolate flavoured popcorn, had cold drinks and enjoyed so much! Di even came all the way to my house to pick me up. Thank you, Di, you’re the best!

Little Friend Kaamini*:
For her birthday, my Big Friend Bhawna Di invited me and my sister to her house for a special dinner. Di’s parents were very nice to us and Aunty made some of our favourite dishes! They treated us like family members and it felt so good!

Big Friend Namrata Kaur: Three years into the programme I was beginning to doubt if I was making any impact. But my experience with my Little Friend, Ruksar*, and her family changed it all. It was Eid and I celebrated the festival with Ruksar and her family this year. I enjoyed meeting her whole family and eating amazing home-cooked food! Her mother even gave Eid to me.

As I was about to leave, I asked Ruksar’s mom if it was ok for Ruksar to visit me. I was speechless when she said, ‘I trust you’. You cannot imagine my happiness! I felt loved not just by Ruksar, but also her family. The words of encouragement from Randy Sir, Kiran Ma’am and Anirudh replayed in my mind, and my faith and belief in what I am doing was restored.

*Names changed to protect identity
‘How wonderful it is that nobody need wait a single moment before starting to improve the world’, said Anne Frank.

Our superhero volunteers have been working hard for 21 years to advance our mission. They offer the gift of time to teach, to listen, to help, to inspire, to build, to grow, to learn. In return, they get a smile that comes straight from the heart, or the unexpected joy of sitting by the bed and holding a little hand, watching a child fall asleep.

This year, our team was an astounding 974 dedicated short-term, long-term, lifetime and corporate volunteers. The Board of Trustees, Advisory Board, Udayan Shalini Fellowship Conveners and Udayan Ghar Mentors are all dedicated volunteers. Creating a human chain of active citizenship for child rights, our selfless volunteers work tirelessly around their busy schedules, taking Udayan Care forward.

“I joined Udayan Care team as a volunteer in 2010, and I’m still here. I have never enjoyed a job more! Together, we are affirming life...every single day’. Shradha Agarwal, Honorary Manager, Udayan Care Volunteer & Internship Programme

‘All origami begins with putting your hands into motion’, said artist Tomoko Fuse. Similarly, making a big difference starts with small steps. Each volunteer and intern is making a positive difference all the way from our Head Office to our tiniest 6 year olds at the home. We, the staff and children of Udayan Care, want to thank each and every volunteer and intern, for who you are and all that you do.

Enthusiastic International Volunteers

A total of 96 overseas students & volunteers from over 34 countries crossed the oceans, in this reporting period, to make a difference! Representing astounding diversity, they shared their culture with our children, showing them the ways of the different worlds. Their reward – watching the children blossom with new hopes and new dreams.

Under the guidance of Dr. Monisha Akhtar (a Psychotherapist from USA, and research collaborator with Dr. Sumedha Ariely, Head of Duke Global Health Institute Student Research Training Team), 4 Students from Duke University – Tran, Nashipai Mepukori, Kathryn Henschel and Aarti Thakkar – helped us take forward our ongoing longitudinal research on ‘Assessment of Mental and Physical Health of OVCs in Residential Care Organizations’.

Various other international universities, such as Bocconi University (Italy), Montesquieu University of Bordeaux (France), Lille Nord de France, NEOMA Business School (France), Karelia University (Finland), Seattle University (USA), Harvard University (USA) and University of Regina (Canada), sent us their students to gain first hand exposure of working with a non profit organisation.

We express our heartfelt thanks to all the international volunteers who applied themselves selflessly to help Udayan Care.

Special thanks to Seija Elsilä, Parijat Lai, Martina Tornari, Martina Firlisi, Lorenzo Motta, Bianca Thiglia, Erica Tyler, Tyler Gray, Bianca Walker, Josephine Peschaud.

Incredible Indian Volunteers.

They came from all walks of life – corporate to homemakers to college youth and school children – all 175 of them, to volunteer for us.

Student volunteers between the ages of 14 and 16 were sent by nine Delhi schools and we were able to sensitise them as they did mandatory community work for 20-40 hours. Full of energy, they wanted to bring about a change overnight. Gradually, they realised how their own life changed with this experience.

Ms. Shreya Punhani of Bluebells School says, ‘It was an amazing experience! The kids lead very normal lives, like my friends and me, so it was easy to connect with them. They just needed a little encouragement and I was glad to provide it’.

Volunteers like Ms. Samriddhi Kasliwal are true Udayan Care champions. Ms. Kasliwal is a constant presence at our Jaipur Home and even got her friends involved in painting the walls of the girls’ living room as also other development activities.

Indispensable Interns.

This year 116 bright interns from 45 prestigious colleges across India added value to our work while learning useful skills on the job, in continuation of their academic courses. We cannot thank them enough.

Responsible Corporate Volunteers

Twenty-three corporates brightened our children’s lives by inviting them for celebrations, teaching them soft skills and taking them on trips. These outings are often the first step towards a Corporate Mentoring commitment.

Eleven employees from one of our corporate advocates, ASOS, UK, flew down from London to spend time and stay at the Greater NOIDA Udayan Ghar, engaging the kids in fun activities, renovating their rooms and together indulging in a whole lot of do-it-yourself exercises. They made such a strong connect that on returning to the UK, the company’s employees raised funds to give these kids a brand new home.

‘The 10 days spent with Udayan Care and the girls were the best 10 days of my life. It was a life changing experience, the love and respect we received from the girls was incredible. We hope they are enjoying their newly refurbished TV and dining room’. Ankita Patel, ASOS, UK

Winter Carnival

Udayan Care volunteers along with the Volunteer Department assisted in organising Bollywood Hungama party – a spectacular end to the year – hosted by our Patron, (Late) Mr. Suresh Neotia. The children, mentors and staff thoroughly enjoyed themselves with delicious food and fun activities like nail art, knocking down bottles and temporary tattoo art and fantastic Bollywood dances, showcasing the talent and commitment of our volunteers, who designed the whole show.

A Volunteer’s Journey

Two years ago, Aayush Jain volunteered to be a maths tutor for four middle school children of our NOIDA Girls Home. Today, he serves on our Advisory Board.

In the time Aayush has been associated with Udayan Care, he has brought a wealth of knowledge to our organisation and greatly benefitted our children. As he currently focuses on spearheading all our foster-care related advocacy initiatives, he says, his journey has just begun.

‘There’s something about Udayan Care and its people that strengthens my bond with them, by the day. Do you want to help the community of which you are a part? Come and experience Udayan Care’s culture...help in its cause...spend a few weeks or months here. It’s a most enriching experience’. Aayush Jain.

A Note from the Managing Trustee

The widest sea pales in comparison to the ocean of gratitude I feel towards Udayan Care’s volunteers and interns. I see our children’s faces light up at the sight of these heroes and it warms my heart. Because of you, we are making real changes and guiding bright minds who will learn from your example and go on to do the same.

- Dr. Kiran Modi
Events

Joy Of Education

We believe that the best way to help people is to empower them to help themselves, and what better way to do it than through education! The Joy of Education was the focus of our fundraising campaigns – India Giving Challenge and Airtel Delhi Half Marathon. Joining us with spirit and passion were our corporate partners Baxter (India) Pvt. Ltd, LT Foods and Jindal Polyfilms Ltd.

Airtel Delhi Half Marathon (ADHM)

At ADHM 2014 we were ecstatic to win the award for the 5th highest fundraising NGO, by raising a whopping Rs. 16 lakhs with Aneesha Wadhwa, the 2nd highest fundraiser in the Dream Makers category! We loved participating in the marathon as one big family, with support of our corporate partners, MakeMyTrip Pvt Ltd, Vatika and Ambuja Cements, and long time volunteers like Neeraj Katoch, Aneesha Wadhwa, Mr. Anup Kaira and our enthusiastic USF alumni.

Daan Utsav

India Giving Challenge

The India Giving Challenge (IGC), organised by GivelIndia, encouraged us to raise funds through an online campaign, and enhanced our efforts through matching grants. Our heartfelt gratitude to Genpact (Kolkata & NCR) for being our biggest fundraiser of the year and to Vatika and MakeMyTrip for their support.

Daan Utsav

An origami creation gives beauty and a sense of accomplishment back to its creator. Similarly, we believe it’s vital to give back to society that has shaped us, and we instill this belief in our children. During Daan Utsav, or Giving Week, from 2nd to 8th October 2014, our children devised unique ways of donating to those less fortunate. While wrapping a bundle of crayons one of our young girls candidly confessed, ‘I used to be like them so it gives me joy that I can bring them happiness’. Shalini’s paid it forward by mentoring their juniors.

The students at our Badarpur IT Centre offered three days of free basic computer classes to lesser-privileged community members.
An origami creation, crafted by just one person, can impact many with its beauty. Similarly, our Advocacy Programme enables society members and organisations to aid the most vulnerable sections of our society—children missing family care. It also reaches out to authorities for policy reforms by submitting recommendations.

**Publications and Paper Presentations**

- Bi-annual journal, "Institutionalised Children: Explorations and Beyond"—addresses gaps in research, knowledge and counselling practices prevalent in working with institutionalised children in South Asia.
- "Udayan Ghars (Sunshine Homes): A Unique Model as a Developmental Support to Children in Institutions" in Children Australia, Special Issue: Attachment and Trauma Informed Practice, Vol. 39, No. 4, December 2014, by Dr. Kiran Modi.
- "Udayan Care’s After Care Program: A Unique Model of Transition from Children’s Home to Independence" a paper presented by Dr. Kiran Modi at Journey to Recovery Conference, Australia, on 5 & 6 March 2015.

**Consultations, Workshops, Training**

- Consultation on 'Aftercare Services in India' with concerned civil organisations and government agencies (September 17, 2014), to examine strengths and gaps in Aftercare Programmes.
- Training workshop on 'Mental Health Interventions for Better Care and Management of Institutionalised Children and Young Adults' (December 19 & 20, 2014), for NGO staff and volunteers.
- Capacity building workshop on 'Mental and Emotional Care and Counselling in Child Care Institutions' (September 4, 2014), by Dr. Kiran Modi, organised by UNICEF in Ahmadabad, Gujarat and facilitated for key stakeholders of childcare institutions.
- Training on 'Standards of Care and Psycho-Social needs for Institutionalised Children as per Jammu and Kashmir (Care and Protection of children) Act 2013', by Rahul Raja Sharma and team, supported by Save the Children.
Originating in Japan in the 17th century, it took the world almost 300 years to discover the beauty and purity of the art of origami. Fortunately, in today’s connected world, we need not wait a lifetime to exchange ideas...and spread love. Today, we have an extended Udayan Care family across the globe who, after becoming a part of the lives of kids and young men and women from Udayan Care in India, works tirelessly for them once they’re back in their own country.
Here are the highlights from across the world:

**Udayan Care Australia**
Julie Lanty, founder of Udayan Care Australia welcomed Saman Kazmi, an Udayan Care India volunteer, to the Australia team. Lesley Brannigan, one of many volunteers sent to India, conducted a film workshop. Wendy Townsend, another volunteer, conducted a felting workshop with children in Udayan Ghars. These efforts were led by Robyn Beeche, an international fashion photographer, who has selflessly supported the Australian effort by donating photographs and recruiting volunteers for India.

**Udayan Care USA**
Our USA family welcomed Shraddha Gupta, Divya Singh, and Monika Saxena. Our current board members, Jesse George Nichol, Anita Akerkar, Dr. Kiran Modi and Aneesha Wadhwa, are excited about exploring new opportunities with their fellow board members.

**Fund-Raising Events**
Trustee, Anita Akerkar graciously hosted an intimate fund-raiser at her home, and successfully raised over $6,000! Udayan Care USA partnered with Glassybaby, a company that makes beautiful votives, to raise nearly $500—enough to educate and feed one child for 5 months!
At the 9th Annual Seattle South Asian Film Festival, Udayan Care USA co-sponsored the film, "The Good Road", to raise awareness about the challenges faced by India’s most vulnerable.

**Raising Awareness and Recruiting Interns for India**
A partnership between Udayan Care USA and Seattle University to grow the internship programme saw immediate results as, in January, Caitlin Willson interned with Udayan Ghars (homes) on a project about the Aftercare Programme.

**Udayan Care Germany**
Thomas Hake, a long-time Udayan Care volunteer, flew our cause to Germany and founded a new Centre there! We appreciate his constant and valiant commitment. We also want to thank Jürgen Osterhage, a TV Journalist, who will act as Chairman for Udayan Care Germany.

**Fund-Raising Event**
Udayan Care Germany held an art sale, curated by Chiara Marzi, featuring works by Francesca del Soldato and Gouranga Ghosh from Delhi.

**Fund-Raising Events**

**Udayan Care Australia**
Julie Lanty, founder of Udayan Care Australia welcomed Saman Kazmi, an Udayan Care India volunteer, to the Australia team. 50 छात्राओं को दी पैलोसिपि

छात्रवृत्ति परीक्षा में 414 विद्यार्थियों ने लिया भाग

उम्मीद के पंख फैला भरी हौसलों ने उड़ान

‘सफलता के लिए निर्धारित करें लक्ष्य’

The Statesman

The girl child

The Sentinel

No record of children moving out of orphanages in India

‘Aftercare and rehabilitation programme for children above 15 years requires serious consideration’
'The best way to find yourself is to lose yourself in the service of others.'
Mahatma Gandhi

The true measure of our gratitude to each and every one of you, who has contributed in any manner to Udayan Care, isn't a word of thanks, but the smile you have put on a child's face, and the confidence you have given to a young woman or man to face this world with dignity.

In Remembrance
"Mourn not the loss of a King for he has returned to his palace. Only remember his compassion when he journeyed through his mortal world." Rabindranath Tagore

Shri Suresh Neotia, industrialist, former Chairman of Gujarat Ambuja Cement, Padma Bhushan awardee and a philanthropist par excellence. Passionate about the cause of women and children, Mr. Neotia was never wanting for time and resources for his beloved organisation, Udayan Care. Quietly, gently, he made a difference to the lives of thousands. In his memory, Udayan Care shall shortly start a new scholarship programme, Pragnya, which aims to provide financial loan to students wishing to pursue their higher studies – a cause Mr. Neotia so strongly advocated during his lifetime.

Shri Darshan Lal Jain, Chairman, Mahavir Senior Model School, passed away on 23.12.2014. We convey our heartfelt condolences to the bereaved family, and pray that they have the strength to bear this loss.

On December 10, 2014, Ms. Meenakshi Kohli, Director-Communication, lost her battle to thalassemia. We mourn her passing away, but draw comfort from the fact that she will forever be with us in spirit.

Pakhar Singh Foundation-IPartner India, for granting us funds for developing an ERP system; Ketki and Chandan Agarwal, Sameer Mehta (Board member) and Ankita Aggarwal (volunteer) for helping us at every stage of its development.
1. Information on the Objectives of the Organisation and Description of the Main Activities of the Year

Vision
To Regenerate the Rhythm of Life of the Disadvantaged

Mission
A nurturing home for every orphaned child, an opportunity for higher education for every girl and for every adult the dignity of self reliance and the desire to give back to society.

Theory of Change
There are millions of orphaned and abandoned children in India; in addition, girls from weaker sections of society do not get an equal opportunity to continue their education; professional skills and attitude are lacking among disadvantaged communities to become economically self reliant.

Udayan Care ensures orphaned children the right to a family and home, while also fostering equity in education for girls by assisting them to continue higher education, and communities to train themselves in vocations, by engaging socially committed individuals, who provide a transformative, nurturing and mentoring environment, to help them realize their full potential.

Objectives

- To provide protection and education to children and women, employability to youth, who are in difficult circumstances, by establishing dynamic processes/models of care, protection, training and holistic development, in a Rights-based approach.
- To promote voluntarism and spirit of 'giving back' in the society at large, including those from our programmes.
- To develop structured research and documentation processes leading to publications on Child Protection and Education related issues.
- To influence the policy reforms and decision making processes by lobbying, consultations and creating awareness.
- To evolve into a national level Capacity Building and Role model organisation of consultative status, with credibility.

2. Identity

- Udayan Care is registered as a Public Charitable Trust. Trust Deed is registered on 11-02-1994 with Sub Registrar, Delhi, with registration no. 828 in Additional Book No. IV, Volume No. 2085 on Page Nos. 1-15.
- Trust Deed is available on request.
- Udayan Care is registered u/s 12A and exempted under section 80G (5)(vi) of the Income Tax Act, 1961, with the Director of Income Tax (Exemption).
  - Registration No. u/s 12A: 374/93-94, dated 31-03-1994, effective from 07-02-1994 valid perpetually
- Udayan Care is registered under section 6(1)(a) of the Foreign Contribution (Regulation) Act, and its Registration Number is: 231650870 and approval letter dated 07-01-1998

- PAN : AAATU0067F
- Sales Tax Regn. no: TIN NO. – 07070223873

The Udayan Care Trustees and Board Members met 4 times to transact the business, including approving the Audited Financial Accounts and Annual Report of the previous financial year and also approving the Programmes and Annual Budget for the year 2015-16. The Board ensures the organisation's compliance with laws and regulations. The meeting days in the year 2014-15 were August 29, December 16, February 24 and March 23.

Minutes of Board meetings are documented and circulated.

- Appointment of Permanent Trustees:
  - Ms. Meera Sawhny DoA 23-03-2015
  - Ms. Aneesha Wadhwa DoA 23-03-2015
  - Other than the Permanent Trustees, the appointed trustees are on rotation policy of 3 years tenure, with renewable extension of 3 years. The same exists for members of the Advisory Board also.

- New appointments on Advisory Board:
  - Mr. Sameer Mehta DoA 29-08-2014
  - Mr. Rohit Rajput DoA 29-08-2014
  - Mr. Aayush Jain DoA 23-03-2015
  - Mr. Amit Khanna DoA 23-03-2015

4. Accountability and Transparency:

- No remuneration, sitting fees or any other form of compensation has been paid since inception of the Trust, to any Founder Trustees or Board Members.

- The following reimbursements have been made to Board Members:
  - Travelling Expenses (to attend Board meetings) – NIL.

Total Rs. 22,246
HIGHLIGHTS OF FINANCIAL STATEMENTS

Basis of Accounting:
The financials have been prepared under the historical cost convention and accrual method. Income and expenses are accounted on the basis of Generally Accepted Accounting Principles (GAAP) and practices and Accounting Standards (AS) issued by the Institute of Chartered Accountants of India for NGOs wherever applicable, except where otherwise stated.

Financial Summary:
In 2014-15, there was a marginal decrease in income by donations from both Indian as well as foreign donors, whereas the grants from different sectors of foreign sources have increased significantly. The overall income has increased from Rs. 832.32 Lakhs to Rs. 891.65 Lakhs (7.12%) whereas the Application of Funds on the flagship programmes of the Trust i.e. mainly on Udayan Ghars, Udayan Shalini Fellowship Programme, and Vocational Training Centres was Rs. 750.13 Lakhs (previous year Rs. 753.68 Lakhs) and remained as almost static. The Expenditure includes cost of a piece of land purchased for constructing a new building at NOIDA, for running a home for girls.

The liability for the grants remaining unutilised at the year-end has been ascertained and has been transferred to the 'Restricted Fund' as per the guidelines issued by the Institute of Chartered Accountants of India (ICAI).

It is evident from the financial results reproduced below for the year 2014-15, that the 'Trust' of the people at large and specially our committed donors on Udayan Care is going steeply upwards, which is considered as a recognition of our efforts and also a motivation for the trust to go beyond our expectations in the years to come and us to reach the immediate 'Vision 2017' with the motto of 'Bigger, Better and More'.

The Trust mobilised funds during the year from various sources, with the efforts of the Trustees, Board Members, Committee Members, and Staff, including getting aid from funding agencies, the corporate fraternity, other Trusts and NGOs, besides funds from individuals in India and abroad.

One of the highlights of the grants and donations of the year was the trust reposed in Udayan Care by the Honourable Supreme Court of India, which granted Rs. 1 Crore for its programmes. Part of this amount helped us provide food, care, shelter and education to underprivileged children in two homes.

Donor Speak

"It feels so special when those who are our lifeline write testimonies for Udayan Care, as what they feel and say is what brings credibility to us. We are truly thankful to all who believe in us, support us, speak for us! Just sample a few..."

- Dr. Kiran Modi, Founder, Managing Trustee

Ajay and Divya Singh, Donors, Udayan Care USA
'We met girls from different backgrounds at Udayan Ghar in Delhi, and found all of them happy, with a positive outlook to life and future. With three young children of our own, we want to make a difference to others through our time and help and Udayan Care is one great organisation that we are proud to be associated with'.

Anita Shekhar Abecker, Trustee, Udayan Care USA
'While in India, Sanket and I were most grateful for an experience of a lifetime – spending time with our new, extended family... Little Simmi, Gurmeet, Big Simmi, Shaiu, Sheetal, Chetna, Komal, Preeti, Manisha, Salma, Puja, Maia and Asiya... girls raised in an Udayan Care Ghar. That experience made me become a donor and join the Udayan Care USA Board. We are very proud of our association with Udayan Care.

Bishamibhar Dayal Sureka, Group Chairman, Sureka Group
'Had it not been for Udayan Care, so many bright and young lives would have lost direction in the dark alleys of their inimical situations. I wish my bond with you to get stronger by the day'.

Louise McCabe, Head of Corporate Social Responsibility, Director, ASOS Foundation
'After 6 years of partnership with Udayan Care we remain in awe of the dedication and love exhibited daily, monthly, yearly to the children in their care. We are proud to be considered a partner and to play a small part in their remarkable work'.

Nanda Lai Rungta, Managing Director, Rungta Mining Ltd.
'I have been keenly following the journey of girls who've earned Udayan Shalini Fellowships and it is heartening to see how they have grown from strength to strength under Udayan Care's guidance and support'.

Parag Agarwal, SVP Finance - Developing Markets at Reckitt Benkiser
'The empowerment of the girl child ultimately leads to empowering the families and I think Udayan care is doing great work in this regard. I wish Udayan Care great success with my heart, and I hope they continue to scale up'.

Prahalad Agarwala, Chairman Trustee, Rupa & Co Ltd Rupa Foundation
'In our busy schedule it often becomes difficult to do something directly for those in need. I feel humbled in being a part of Udayan and making a difference. I look forward to a long term association'.

Ravindra Chamaria, Group Chairman Trustee, Infinity Infotech Parks Ltd, R.C Infinity Foundation
'Commendable work in uplifting girls from marginalized sections of the society, training, guiding, mentoring and transforming lives. It feels so good to be associated with you, Udayan Care'.

Sameer Mehta, President, TracyLocke India
'Five years ago, I got an opportunity to teach the kids at Udayan Care and felt happy and owned by the kids I used to teach! Building a vision oriented future for kids is rare in the society we live in. I am blessed to be associated with Udayan Care'.

Sweta Nayer, Relationship Manager, Give India
'We met children from Udayan Ghars in Gurgaon and Delhi, and saw how effectively you were implementing programmes. All of us appreciate deeply your selfless work for the most needy'.

DS 54
‘I beat every mountain climber – I went all the way from the Himalayas to Cambridge!’

‘Who could ever imagine that a girl from lower-middle class family in the Himalayan foothills would do her Ph.D. at Cambridge University, England one day? It is because of the Udayan Shalini Fellowship Programme that today I’m a motivated woman, determined to give back’, says Darshana – the youngest recipient of the Women’s International Network Nav Kiran Award in the ‘Role Models for the Future’ category.

Like Darshana, 4,300 more girls across 10 cities in India have found their feet and wings with the Udayan Shalini Fellowship Programme.

YOU CAN HELP REALISE A YOUNG SHALINI’S DREAMS.

All you have to do is fill out the Donation Form overleaf, open your heart, and make a contribution.

Learn more about us
www.udayancare.org
Please print the form, fill in the details and mail/courier with your cheque to the address given below
